23. **Slabbed (Encapsulated) coins graded and certified by PCGS, NGC, ICG or ANACS may not be returned for grading reasons.** In most cases we have indicated our grade prior to the grading company grade.
24. The minimum acceptable bid on any lot is at least **60% of the estimate.** In some cases a reserve may be higher than that, but it will never be higher than the estimate. We have made every effort to make the estimates realistic and conservative. In addition no bids on coins and medals of precious metals will be accepted that are below the melt value of the item. For our mailbid purposes we are defining precious metals as being of silver, gold, platinum or palladium.

GEORGE FISHER

We are completing the last steps in the writing of this catalog with a heavy heart. George Fisher passed away on Friday March 18th due to complications from pancreatic cancer. George was the ultimate numismatic collector and scholar. He may have been the most knowledgeable westerner on non-machine made Chinese coins and related odd and curious money. He spent many summers teaching a course at the ANA summer seminar on this subject and had made weekly trips to Colorado Springs, a trip of 75+ miles, to volunteer his time to the ANA museum for more than 15 years. He published a 1990's update of Ding Fubao's 1942 catalog of Chinese cash coins with illustrations, numbers and prices. Fisher's Ding is now the standard work on the subject. He was not just the recognized expert in the field he was willing to share his knowledge. Less than 2 weeks before his death he attended his last meeting of DAWN (Denver Area World Numismatists.) According to his son Gear it was very difficult for him to attend and took alot out of him, but he dearly wanted to go. A young couple came to the meeting with the intent of asking George to identify and explain some common Chinese cash coins that he been left to them by a relative. The coins weren't worth much but I'm sure George's explanation was.

George's collecting bug was more than just Chinese coins. He had a fantastic collection of ancient Biblical and related coins which kept branching out into related fields. I believe he took my course on Biblical coins at the ANA seminar twice and he was knowledgeable enough in that field that he helped me catalog those coins on more than one occasion. (We'll be offering parts of that collection later this year.) He collected "George" coins, he collected his birth year (1926) and he collected coins, medals and tokens with barbed wire on them. He probably collected lots of other things as well.

Before he collected coins he had a fantastic collection of Japanese stamps which he sold to jump start his coin collection. Yet he still had a love for stamps and I would always save all the envelopes I would receive from around the world with foreign stamps on them which he would then bring to the stamp clubs he attended. He received as much joy out of them as he did from the expensive coins he purchased.

I was lucky enough to see George the day before he passed away. Neither he nor I, nor his family knew the end was so close. He said that he thought he had one to three months to live. He certainly seemed alert and was thrilled with the stamps that I brought him which included a large catalog envelope from Britain with two souvenir sheets on them. Numismatics lost a true giant and I and numerous other numismatists lost a true friend. Our thoughts and prayers are with his family.

BIDDING IN OUR MAILBID SALE

We will stop taking bids at 9:00 PM on May 3rd or when our phone and/or Fax stops ringing for 10 minutes. Please do not wait until the last minute and get shut out. In every sale a number of bidders could not get through on the last night.

We suggest you bid above estimate if you want an item **as high bids will be reduced**. Our bid sheets offer several bidding options that can save you money, optimize your bids and see that you get the lots that you really want. If you are unsure of how to use these options, please give us a call and we will be more than happy to explain them to you.

Please keep in mind that in some cases there may be unpublished reserves set either by the consignor or the cataloger and no bids of less than 60% of estimate are considered. We do not have a call back service, but after placing your bid you may contact us as many times as you like to check on your bids. And we take seriously the commitment to reduce bids. **We do not reveal the high bid of any lot, but if you have placed a bid on a lot, you may contact us after your bid has been placed and we will tell you if you are the high bidder.**

Usually well over 1/3 of all successful bids are reduced and over 75% of successful bidders have at least one of their winning bids reduced. We believe that the best strategy to

being a successful bidder is placing your bids early and not waiting until the last minute. We suggest placing your bids early and then, if you want, you may check on your bids near the end of the sale.

NO BUYER'S FEE

We do not charge a buyer's fees in our sales. You are charged only for the amount of your winning bid, postage and shipping charges.

LOT VIEWING SCHEDULE

ANA National Money Show, Kansas City, MO. April 8-10. Hyatt Regency Crown Center Exhibit Hall, 2345 McGee St. Table #802. I believe the show hours are 9 to 6 Friday and Saturday and 9 to 2 on Sunday. We will be there all public hours and have most lots with us. However very heavy and/or bulky lots will not be available for viewing.

Chicago International Coin Fair, Rosemont IL. April 21-24., Crowne Plaza Chicago O'Hare, 5440 River Road. We will be there most public hours and have most lots with us. However very heavy and/or bulky lots will not be available for viewing. We may leave early Sunday afternoon, so if planning to attend that afternoon, please call us at 303-910-8245 and we will try to extend our stay. This hotel was a Holiday Inn last year.

We plan to have the majority of the material in the sale in our office Monday through Friday except for the show dates mentioned above, until the close of the sale if you need more detailed description of any of the lots. However, please contact us as well in advance of the close of the sale as possible in order that we can provide you with as much information as possible. We will be happy to return your call if we cannot provide you with the information you require when you call, fax or email.

We will **confirm all email bids** received within 24 hours of receiving the bid. If you do not receive a confirmation please contact us. In the past few months we have been deluged by spam as I'm sure many of you have also. Even though our filter separates most of the junk from the "real" mail, it does not do a perfect job, thus we ask that when sending us a bid or inquiring about the sale, please put "Bid" or "Mailbid Sale" in the subject line so we do not delete your email along with the junk we receive every day. We **do not confirm mail or fax bids** unless specifically asked to do so.

No information will be available about the results of the sale until all bids have been checked and invoices written. This should take about 4 days. We will not be answering the phone until that information is ready. We hope to be ready by Monday May 9th.

Please note that this entire catalog is also up on our website at www.rosenblumcoins.com. There you will find not only everything in this catalog, but also not only more pictures but the pictures of all the items are in color as well. If the images are not up on our site when you receive this catalog they should be soon.

We have little room or time to describe the highlights of the catalogs so a few sentences will have to suffice. The ancient section is small but has a number of rare and important items. We offer an almost complete selection of Israel gold, silver and base metal coins through 1995 including a Bank Proof, the extremely rare 1992 Law Utrecht mint piece, the finest 1954 100 Pruta Utrecht coin I have ever seen, the rare Let My People Go Berne die Proof and 2 previously unknown mint sets.

We also are offering an almost complete selection of Israel banknotes as well as one of our finest offerings of Palestine and concentration camp notes in many years. In addition throughout the catalog are selections from a collection of elephants on coins, medals and tokens. In addition numerous high grade world coins, both certified and raw are available for purchase. Part Two offers numerous early and rare Judaic medals as well as a long list of Israel state medals. In addition the Holocaust Memorabilia section offers a number of items we've never seen before. If you have any questions, please don't hesitate to ask.

The 25 Mils 1948 is unc., although it has a number of bagmarks, it is fully struck without any wear, while the 1949 25 closed link Mils has the "cleaned" look but it must be remembered that this coin was struck on aluminum sheet metal that came to the mint (actually a garage) looking like that. **The 1954 100 Pruta Utrecht die is fantastic, the finest we've seen.** \$1500+
- 372---**1960-1968. Trade Coin Set** (Agorot-Pound Series I) in album. 58 coins almost all unc. Contains all the regular issues plus 1960 1 Agora Different Die (AU) & Large Date (VF); 1962 1 Agora Wide Date & Thick Date, 5 & 10 Agorot ICI dies, 1962 1, 5 and 10 Agorots SD, 1963 1 Agora Inverted Reverse and 1 Lira Flat 1. All unc., but for the two where noted. The 1963 1 Agora Large Date and the 1963 1 Lira Flat One are in manually added holes in the album. \$400+
- 373---**Trade Coins, 1969-1987.** 157 different BU coins, the first 72 in the Album (Agorot Pound Series II) manufactured by Dansco and produced by Nielsen-Porter, the remainder in a Harco Coins of Israel Album. While none of these coins are rare, many are difficult to locate. Should be well worth our conservative estimate. \$125+
- * 374--- 1951 (with 1949 coins). 10 Piece Bank Leumi "**Muffin Tin**" set. MS-0a, KM-MS1. A very nice set with 10 choice coins. \$150
- 375---MS-4. 1962 Blue and White "Mint" Set, containing 6 different (large) Prutas. Coins are circulated as issued, while the card is much nicer than usually seen. We'll call it EF, with minor flaws. \$50+
- * 376---**Rare Unlisted White Card Set Error.** 1963. MS-6 unlisted variety. White cardboard holder with coins individually covered with plastic pressed between the card-halves. - * 381---**Unlisted Mint Set.** 1984 or later. As MS-24a (2nd issue) IGCMC# 83039397 (Vol II, p. 34), the Official Uncirculated Set - Souvenir from the Lira Period with the Star of David coins, **but in a slightly larger brown folder rather than the normal blue.** The folder measures c. 6 1/4 x 4 1/4" rather than c. 5 1/4 x 4". **Another extremely rare set which we have neither seen nor heard of before.** Our estimate could be very low. \$100+

382---1962-1996. 111 Mint, Piefort and other issued sets. Some duplication but 67 different items, all but one being as issued. The lot contains most sets issued between those dates. The scarce MS-5 of 1962 containing 6 different Pruta coins (small) shows what looks to be smoke damage. One "set" is a special card issued for Yitzhak Rabin which contains a medal struck in his honor and the title "Goodby Friend, Shalom Chaver". Many of the later sets have very low mintages and are highly in demand. Sold as is no returns. \$400?

- * 767 **KOFER HA'YISHUV RANSOM RING**. See Judaic Tokens and Medals MM-14 for a similar type. During the late 1930's the Hagana (Jewish Defense Forces in Palestine) were supported by a tax levied on various parts of the Jewish community. This was called the Kofer Ha'Yishuv or Fund of the Jewish Community or sometimes the "People's Ransom Fund" As costs grew in 1938 more funds were needed and leaders of the fund appealed to all Jewish wives to donate their gold wedding rings to the cause. The women who responded were then given a nickel-brass ring bearing two simple words, Kofer Ha'Yishuv. This piece has been cut (on the opposite side of the lettering) and we can only assume that the owner had grown somewhat by the time she took off the ring and it had to be cut off her. *We sold a Kofer Hay'Yishuv ransom ring in our Fall 2004 sale for \$450 on a greatly reduced bid*. \$350+

This Congress, the first after the Holocaust, was to deal with major aspects of great historic importance concerning Eretz-Israel, Holocaust survivors and the continuous battle for a free Jewish State. "Jews, take an active part in our people's war effort...contradict the false claim that Zionism is not supported by the vast majority of Israel...prove that most of our brethren hope for Zion. Join the flag! Prepare for the Congress of Decision, Purchase the Shekel!" c. 7 1/2 x 12 1/4" mimeograph, with single pin hole at top (stuck to a public board). Very rare. \$150

THE HOLOCAUST AND ANTI-SEMITISM

I am often asked **WHY DO PEOPLE COLLECT THIS STUFF**. Obviously people collect for different reasons, but most people seem to collect these items as teaching tools for use at home, in schools, synagogues and churches. Many people donate them to national or local museums. There are people who deny the existence or magnitude of the Holocaust. These items are a weapon against them.

In addition to these lots, also see the following lots in other parts of the catalog: 158, 166, 336-340, 390-391, 508-523, 595, 607-626, 698-700, 709-715, 764, 775, 809, 820, 824-825 and 948.

* 984 **ANTI-SEMITIC ELECTION POSTER**. 1889. France, for Ad. Willette. In this matted, ready to frame poster, Willette calls himself the Anti Semitic Candidate and makes numerous accusations about Jews and what claims to be "The Talmud" lies in ruins at the bottom. This is a reprint of the original made in Munich in 1922. At the bottom are two lines of German text. Obviously we know what political party was rising in Munich during this time period. Rare? 1st we've seen. \$200+?

* 985 **BREMEN ANTI SEMITIC NOTGELD**. 1921 2 Mark. Issued on German Day, this note is known as the Elders of Zion and features 5 Jewish businessmen sitting around a table, "conspiring to gain control of global economics", Nice Au-Unc and one of the scarcer of all German anti-semitic notgeld pieces. See The Shekel Vol. XVIII, #4, page 21. *We sold a similar piece in the Spring of 2003 for \$400.* \$340

* 986 **FINSTERWALDE ANTI-SEMITIC NOTGELD**. Germany 1921, 75 Pfennig. Depicts four Jewish bankers, smirking after a deal. EF. Scarce, seldom seen. \$40+

* 987 **GOTTSORF ANTI-SEMITIC NOTGELD. AUSTRIA**. 1921, 20 Heller. Depicts a pair of Jews with loaded sacks. "Accept these notes as small change...the real coins were already taken by the Jews." Unc. See The Shekel Vol. XVIII, #4, p. 27. Scarce, seldom offered. \$40+

988 **ANTI-SEMITIC NOTGELD**. A group of 5. **Horneburg**, a Jew peeking out a window, **Tostedt**, in infamous note with Jewish "profiteers" hanging from a tree and 3 different issues from **Arnstadt**. \$60+

* 989 **ANTI-SEMITIC POSTER**. Germany. 1930's, Titled "Wenn Juden Lachen". (When Jews Smile). Large montage of 11 Jews all smiling with German text warning that these are treacherous smiles. Scarce, I can't recall seeing this before. c. 12 x 17". VF. slight soiling and a small tear on left margin, that does not go into the print. \$150+?

* 990 **ANTI-SEMITIC ASH TRAY**. Pre World War II. c. 5 3/4 x 3" with a pig swallowing a Jew, the Jew's head coming out of the pig's behind, "Gewalt" coming out of the Jew's mouth. This extraordinary item came to us with the other Hungarian items in this section but our guess is that it probably originates in Germany or Austria. Our consignee, a collector of this kind of material for 40+ years, has "never seen anything like this before". I don't think we have either. Very rare. \$400?

- * 991 **FIRST JEWISH LAW**. 1938.Hungary. A signed and sealed document showing a list of known Jews compiled by the registrar of Zala County, Hungary in accordance with the so-called First Jewish Law. Another extraordinary, no doubt scarce, relic from this time of turmoil. \$75?
- * 992 **GERMAN ANTI-SEMITIC SATIRICAL MEDAL**. 1939 WM 36 mm. Englander with umbrella in water, bomber above and a Jew hiding behind him with moneybags, U-boat periscopes below in water/Soldier pushing Arab back toward burning house, palm tree behind. Kirschner unlisted. Rare, 1st I've offered and only 2nd I can recall seeing. \$300+?
- * 993 **KIELCE GHETTO POLICE BADGE**. R Alt Kiel GG. around Magen David, around which is *ORDNUNGSDIENST SEUZBA PORZAOKOWA*. Brass? Very Scarce. Items from this Ghetto are seldom encountered as the Ghetto was set up in the spring of 1941 and inhabitants were deported to Treblinka in August of 1942. *A similar item sold for \$285 in our spring 2004 sale*. Also see lots 1004-1006. \$200+
- * 994 **WARSAW GHETTO POLICE BADGE**. Magen David, around which is *ORDNUNGSDIENST SEUZBA PORZAOKOWA*. Brass? with light blue enamel around in Magen-David. Similar to above but no designation of which Ghetto this came from. This is the first that I can recall without that designation. Our consignor believes it came from Warsaw because it came to him with several other items from the Warsaw Ghetto. After Adam Czerniakow committed suicide rather than send thousands of Jewish children to extermination camps, the Jewish Police were then called on to arrange these transports to Auschwitz. Very rare. \$300?
- * 995 **RESCUE ATTEMPT OF GERMAN JEWESS**. 1940. Letter from the Anglo-Palestine Bank, Ltd to the Jewish Agency, Jerusalem concerning "Miss Helena Knaperbaum", "We confirm...that we hold...in Palestine...the sum of LP. 1250 which amount we will pay to her upon her personal application...not later than 15 May 1940" This statement is dated 15 March 1940 and most likely given in order to enable the Jewish Agency to issue her an Aliyah Certificate as soon as possible as she would be self sufficient and be able to invest in Palestine. VF, filing holes filled in. \$60
- * 996 **PACKET CARD TO WARSAW GHETTO**. 1941. Official Packet Card formula on thick card printed in German and Polish with printer's legend "DPO" for German Post Office in the East (the occupied territories). This food packet was sent by Grynobojm of Cholm to R. Bomber in the Warsaw Ghetto. With German printed label inscribed "Chelm-Lubelski, Land" The reverse shows a receiving cancel 10. VIII. 1941 at Warsaw plus a larger handstamp indicating that the Jewish "District" in Warsaw also received it on this day. It is worth noting that the Nazis did not use the term Ghetto in regard to Warsaw and instead chose to use the term "Juidischen Wohnbezirk" or district of Jewish dwellings. Grynobojm the sender of Cholm, a town of about 29,000 about 47% being Jewish, was apparently in better condition than his relative in the Ghetto. aVF and no doubt rare. \$125++
- * 997 **ZAGREB JEWISH COMMUNITY PARCEL COUPON**. 1941(?), Official Coupon #165 perforated at left, issued by the Jewish Committee, Religion and Social Department, Camp Matters, Zagreb. Under the title is inscribed, deposited today 100 Kuna for two parcels to be sent to camp 30 August. The Jewish Community of Zagreb was the largest in Croatia with a population of about 11,000. Anti-Jewish laws had been published in early 1941 and that was followed by persecutions beginning in June of that year. By the end of the year almost 65% of the population was in camps, most murdered by the Utasa movement. It seems that the Zagreb Jewish Community operated a special department which handled matters for Jews in Concentration Camps. All items from Croatia and Zagreb are very rare. VF. \$320+
- * 998 **OFFICIAL NAZI ORDINANCE FOR THE WARSAW GHETTO**. 1941. April 28th. A German and Polish printed document c. 8 1/4 x 11 3/4" titled "Verordnungsbblatt für das Generalgouvernement", published in Krakow and issued by the notorious Hans Frank, who was later sentenced to death in Nuremberg. 8 page document, the first two addressed to the "Judischen Wohnbezirk in Warsaw" as the Nazis preferred to use the term meaning district of Jewish dwelling rather than Ghetto. The first five regulations of which many have a

number of sub-clauses define the chain of command between the head of the Judenrat (at that time Adam Czerniakow), the Germany Commissioner for the Ghetto and the Commissioner of the the Warsaw District. Each regulation is printed in German and Polish.

1) A Commissioner for the Ghetto (we'll use that term) was appointed to be in charge of order in the Ghetto who will be aided by the Judenrat. 2) The Commissioner of the Ghetto is under the Commissioner of the Warsaw District. 3 and 4). The liaison and coordination office between the Ghetto and the outside world will be financed by a special tax to be paid by the Jewish Ghetto. 5) The Judenrat must obey all orders and instructions of the Commissioner and all plans must be approved by the Commissioner before being executed. An extremely rare and important document which deserves to be in a museum. 1st I can recall seeing. \$1000+

* 999 **LITZMANNSTADT GHETTO SPECIAL ID CARD**. c. 7 x 5 1/2" folded once to fit in a pocket. In German, printed in black on buff cardboard paper. Issued by "Der Aelteste der Juden in Litzmannstadt" (Eldest of the Jews") and issued only to members of the Judenrat and chiefs of major departments and services in the Ghetto, i. e. the most important Jews in the Ghetto. Consists of two parts, the ID and a Supporting log with a printed notation that the ID is only valid with the Supporting log. With spaces for the holder's photo and personal details including his title. This card enabled the holder a free reign in the Ghetto...in every area...at every hour even during curfew...as long as proper details are filled out in the Supporting log and the area is in fact related to his responsibility. Printed name of J. Rumkowski, Vorsitzender (Chairman). This unused card was most likely a trial printing and must have been replaced quickly as Mr. Rumkowski's first name was Chaim, usually printed Ch. rather than J. Both the ID and the log show three tiny holes at center as they probably were attached together. EF, a few stains and no doubt extremely rare. \$400+

* 1000 **MAUTHAUSEN CONCENTRATION CAMP**. 1942. 4 page printed camp formula letter with camp regulations and instructions printed in block letters at upper left. Message in German, date 17 January 1942, from 22 year old Franc Leifort, inmate number 3337 (An early number considering almost 200,000 prisoners passed through the camp and about 60% of those died there), Block 11, Cell A. Addressed to Liebe Eliska with a 2 line KLM (Konzentrations Lager Mauthausen) censor handstamp on back. F-VF, scarce. See Simon page 49, type 2. \$50

* 1001 **HUNGARIAN ORTHODOX JEWISH RATION VOUCHER**. 1942. Printed in Hungarian for 1 Pengo. Issued by the Orthodox Jewish Community of Miskolcz (or Miskolci). In 1941 there were 15,000 Jews in this city one of the more important Jewish centers in Hungary after Budapest. About 90% of the city's Jews were murdered during the war, The Voucher has what seems to be a "control" part on the right, both sides are imprinted with a red circular stamp of the Jewish community dated 1942. Unused, said to be for "one Turkey". No doubt very rare. \$100+?

* 1002 **HUNGARIAN ORTHODOX JEWISH RATION VOUCHER**. As above but a completely different type. 40 Fillar for one Duck, Issue 002 in red at left and serial number 03905. Similar but larger red seal of the Jew Community at center. Equally as rare as above. \$100+?

* 1004 **GHETTO KIELCE JUDENRAT PAYMENT VOUCHER**. March 16, 1942. Voucher #110. In Polish and German and issued by the Jewish Altesenrat in Kielce for it's workshops. The Kielce Ghetto was founded in April of 1941 and by the end of the year due to an influx of Jews from Vienna, Poznan and Lodz, among others, had 27,000 people there. The Ghetto was brutally liquidated in August of 1942. Most residents were transported to Treblinka, where we know what was in store for most of them, while the residents of the orphanages and hospitals were murdered on the spot.. 2000 of the healthiest young men were transported to 3 labor camps. When the Red Army liberated the city in January of

1945, only 2 Jews had survived the war. After the war Kielce was known for a cruel pogrom by the Polish citizens against Jewish survivors who had returned to the city, 42 Jews were murdered on 1 July 1946. This voucher promises 20 Zloty from Kopedeka (operator of the workshop) to be paid in 2 days by Ghetto cash to (Forced laborer) Pollak. Signed in hand at bottom. Very rare. An example of a well known international firm which used Jewish Ghetto forced laborers during WWII. Included is a two page internet document from the Bata website. \$300

* 1007 **THIRD JEWISH LAW.** 1942. Hungarian Document which shows a "family Tree" of a man (?) filled out to show that there is no Jewish blood going back to the person's grandparents, in accordance with Hungary's "Third Jewish Law" of 1941. Folded in fourths. Scarce? \$75?

* 1008 **RED CROSS LOOKING FOR RELATIVES.** 1943 on the letterhead of the War Organisation of the British Red Cross Society and Order of St. John of Jerusalem. Typed letter from Haifa to Mr. Joseph Marton also of Haifa asking him to "kindly inform us if Mrs. Marton-Winkler is belonging to your family..we are holding a message for her". Many messages from Jews in European countries under Nazi occupation were delivered via the Red Cross without stating the address of their Palestine relatives. Many times when families were uprooted they lost or forgot to take minor items like address books. We don't know if Mr. Marton was related to Mrs. Marton-Winkler. Signed, folded, a few stains, otherwise aVF. \$35

* 1009 **HOLOCAUST ERA CONVERSION DOCUMENT.** 1943. Letter from Central Reformed Christian Office to the Miskolc Rabbi's Office informing him of the conversion of Laszlo Friedlander to Christianity. With accompanying personal data attached. Only document of this kind I can recall seeing. Both stapled together and aged somewhat with minor tears. \$75?

* 1010 **ANTI-SEMITIC "NEWS" ARTICLE".** One side of this c. 4 1/2 x 1 3/4" item claims to be a newspaper article from March 5, 1943 about the arrest of Nathan Grossman for possession of black market meat. The other side is a "ticket" for the play The Black Market starring Nathan Grossman with a supporting cast of "500, 000 Kikes" etc. A vicious anti-Semitic item. \$40+?

* 1011 **THERESIENSTADT THANK YOU CARD.** 1944. Parcels sent to Theresienstadt had to be picked up at the camp post office and receipt acknowledged. At the time they accepted the package, the recipient was handed a thank you card which he or she filled out and it was then sent to the sender of the parcel verifying receipt of same. This on buff paper, dated 19 July 1944 from Robert Braun and sent back to the sender in Vienna. Signatures, handstamps and German postal stamp with Hitler. Obviously the relatives or friends who received such signed cards presumed that the inmate was still alive. Simon page 86, type 4. \$50+

* 1012 **MAUTHAUSEN DIABOLIC SYMPHONY POSTCARD.** 1946. Pictorial commemorative postcard designed by Simon Wiesenthal (signed on the plate, dated 1945) featuring the old fort of Mauthausen inside of a G Clef musical note with inmates bodies hanging from the score and an SS man with a dead man's skull insignia on his cap holding a whip as the conductor with a diabolic face. Each with rules and regulations Also included is a United States War Ration Book Four, issued 1943, for "Shelley Kaplan" of 2456 Pine Grove (no city or state indicated). This last item is certainly interesting as it is signed by Shelley (or perhaps someone purporting to be Shelley). No matter how advanced Shelley was we doubt very much that she signed this at 2 years of age! 12 items, most well used and torn in spots although the ID cards are in much nicer condition. \$200?
- * 1014 **ANNOUNCEMENT CONCERNING "THE EXODUS"**. 1947.
