Fixed Price List 35c Summer 2005

Our summer list is only a few weeks late. Not bad. A somewhat hectic July (some good things, some not so good) has delayed the list the past 2 weeks. Of course we missed having a winter or spring list. However we believe this huge list should more than make up for that. Probably over 1500 items are listed in the following 13 pages. We think it's our best Fixed Price List we've ever issued in 35 years of issuing lists. **Please note that our office will be closed from August 12 through August 21st. However we plan to check our messages every day and hope to be in email contact as well. Or try us on our cell phone at 303-910-8245.**

Many of the items are prefaced with a GF number. Those are coins from the George Fisher collection. As we mentioned in the preface to our spring mailbid sale George passed away on March 18, 2005. George was the ultimate numismatic collector and researcher. He was known throughout the world as one of the leading experts on non-machine made Chinese coins. Museums, collectors, dealers, researchers and just plain folk throughout the world were in constant contact with George for help attributing and authenticating Chinese numismatic items. He made the 150 mile roundtrip between his home outside of Denver to the ANA museum in Colorado Springs weekly for more than 15 years to volunteer his expertise at the museum (and to invite friends and acquaintances to lunch). He also collected in numerous other numismatic fields. We are offering only a small portion of his Biblical related collection here. More of those coins as well as his Barbed Wire on coins and medals will be offered for sale in our Fall Mailbid Sale. We have left most of his coins in his original holders because his research was so meticulous. On most of his holders he would transcribe the inscription, a description of the coin, the weight, the size, the axis and sometimes other details. In addition he would sometimes add a translation as well as a transliteration of the inscription. Where we had to remove the coin to photograph it we will include the holder when at all possible.

George was one of a kind and someone whom we truly miss. He would be the first to call after receiving my list, not necessarily to order, but to point out spelling errors. The past few months has not been kind to our numismatic family. Bob Kutcher of Lincoln, Nebraska died unexpectedly a month or so ago. He was one of the most important contributors to the Numismatics International journal over the years. Leonard Saunders, a coin dealer from Wisconsin, succumbed after a long fight with cancer. While Leonard dealt primarily in US coins he was one of the "good guys". He lived and worked in Denver for a number of years in the 1970's (and 80's?) and we traveled to many shows together. Just a few weeks ago Art Kagin passed away. Art was a true legend, a professional coin dealer for over 70 years and someone who truly loved coins and loved to talk about them. About 10 to 15 years ago I was in Phoenix visiting my brother. While in a buffet restaurant who do we run into, but Art. He talked for a 1/2 an hour to my brother and his family about what a great hobby coins were. Unfortunately coins were never my brother's thing, but that didn't stop Art. As some of you may know Bill Spengler of Colorado Springs is gravely ill with pancreatic cancer. Bill and George Fisher were friends, fellow members of numerous coin clubs and co-taught classes at the ANA. Ironically George had the same disease. We saw Bill a few weeks back and he is truly appreciative of all the cards, letters, emails and thoughts that have been directed his way.

This list contains numerous new items that have not been listed by us previously. In addition to over 125 coins from the George Fisher collection, there are many coins from the Bill Spengler collections as well as items from other collections we have purchased this year. Most coins that have been listed previously have had their prices reduced by 20% or more. Seldom does a coin dealer say he has too many coins, but at the moment that is the case.

As usual there are no photos on the printed copy of this list but items with an asterisk should be photographed on our website. In addition we can usually supply email photos of most other items within 24 hours of the request (except when we are away of course). Please note however that your request for a photo does not reserve the coin for you.

This list has something for everyone. Many very inexpensive gold coins, plus a few higher priced items including 2 Byzantine coins possibly struck in Jerusalem. Our Ancient Jewish section is our best ever featuring numerous items from stock as well as the George Fisher collection. If you don't see what you need, please send us your want list. We may very well have it. We have a very large listing of Roman coins including a great selection of Judaea Capta coins, high grade Severan Denari and numerous late Roman coins from the Spengler collection. Our world section is chopped full of goodies from A to W (no X, Y or Z) including runs of Crusaders, English, French, German, Israeli, Italian and perhaps the most complete listing of Spitzbergen ever. In addition sprinkled throughout the list are a number of medieval coins that a California collector has painstaking hand-colored with coats of arms of the issuer. Our listing ends with a small selection of Odd and Curious Money as well as a few books.

Our Fall mailbid sale will contain more items from the George Fisher collection, numerous medals from the Bill Spengler collection, a large run of Swiss Talers, numerous scarce and rare Judaic medals, a group of incredibly rare Israeli patterns, proofs and specimens and many other items.

**SHIPPING CHARGES.** Our postage fees are listed on the back of the order form and should be self-explanatory. If they aren't please don't hesitate to ask. Since 9/11/2001 the mail has been erratic, sometimes a letter or a package will take just a few days to get cross country or across an ocean, sometimes it takes a month. If you like we can also ship via USPS Express Mail or Federal Express for an additional fee (usually about \$10-\$15). These services are extremely quick and very safe. **We do not use UPS.**

**SUBSCRIPTIONS:** If you have not ordered from us in the past year, your subscription has expired and a subscription blank is included with this list. If you order from us, you will of course receive future lists. We would much rather sell coins, medals, etc. than subscriptions. However to insure receiving future lists, please send us \$15 (\$25 overseas) to help us keep up with the cost of mailing. Also our lists are now available on-line at [www.rosenblumcoins.com](http://www.rosenblumcoins.com) at no charge to you.

**ORDERING:** Our advertised phone hours are 9 AM to 6 PM during the week, although we are usually here earlier and later and sometimes on the weekends as well. You may call (our machine is always on), Fax or E-Mail us 24 hours a day and we go to our Post Office virtually every day. Most orders are shipped out within 24 hours of receipt of payment. **Orders with payment receive preference.** If calling and we do not answer, **please leave a message.** When we are busy writing a catalog (especially the first three weeks of **September 2005**) we tend to let our machine screen the phone, so please leave a message and we may even pick up. We will return your call as soon as possible if necessary. Please speak slowly and distinctly when leaving a message.

\* 1 **BYZANTINE Maurice Tiberius** 582-602 Gold Solidus Facing bust with plumed helmet/Angel. SB-478 VF+ . . . . . \$300
