MAILBID AUCTION #38D
Closing Date and Time:
Thursday November 13, 2008
9:00 PM Mountain Time

terms of sale

1. All bids are per lot as numbered in this catalog.
2. All bids are strictly cash (cash, check, money order, bank draft, bank wire or approved credit card) in U.S. dollars. *See Term #10* for credit cards terms. **All checks must be written in US dollars on a US Bank. We no longer accept payment via Paypal. Bidders are responsible for any and all bank charges for bank wires etc.**
3. Mailbid sales are **not** approval sales. The bidder must assume responsibility to pay for all lots bid on. Lots may be returned for reason of authenticity or improper description only within 3 days of receipt. Lots examined prior to the sale may not be returned for any reason except authenticity. **Late payers forfeit any return privileges.**
4. All materials are guaranteed genuine, unless noted otherwise.
5. Bid sheets must be signed.
6. We reserve the right to reject any bid.
7. Title does not pass until lots are paid for in full.
8. Postage, insurance & handling are extra. A minimum of \$5 per shipment will be charged.
9. In some cases we may have duplicate lots of identical description and these may be substituted to under bidders.
10. Mastercard, Visa, Discover and American Express are accepted for payment. However an **additional 3% is charged for use of said card in mailbid sales.** Please note that we must be able to **confirm your billing address** if you use a credit card. For those of you overseas this may be difficult so we ask that you include a numismatic reference.
11. Digital photos, scans, black & white or color copies are available for most single lots in the sale. Photos, scans and black and white copies are \$1 per item, while color copies are \$2 per side. Payable in advance, please. In most cases digital images sent via email are free. Please do not wait until the last week to ask us for these.
12. All lots with 6 or more items are sold as is and are not returnable.
13. **Invoices are due and payable upon receipt of invoices**, unless arrangements are made prior to the closing of the sale. **Late payers forfeit any rights of return.** All invoices over 30 days overdue are subject to an interest charge of 1 1/2% per month.
14. There is a \$25 charge for bad checks.
15. In case of tie bids, the earliest bid received will win the lot.
16. Phone, fax, mail and email bids are accepted, however phone bids, should be confirmed in writing. **All email bids will be confirmed by a return email.**
17. Estimates are just that, estimates. Lots may and do, sell for above and below estimate. Please bid what the lot is worth to you. **High bids will be reduced to 5 to 10% over the 2nd high bid.**
18. Bidders are responsible for errors in bidding, please check your bid sheet carefully.
19. **There are no buyer's fees in our sales.**
20. All overseas packages will be shipped via registered or express mail at buyer's risk.
21. Bidders not known to us must provide us with satisfactory credit references or pay a deposit as determined by the auctioneer.
22. Prices realized will be published after the sale and will be mailed to all consignors, subscribers and competitive bidders. Others may receive a copy for \$5.
23. **Slabbed (Encapsulated) coins graded and certified by PCGS, NGC, ICG or ANACS may not be returned for grading reasons.**
24. The minimum acceptable bid on any lot is at least **60% of the estimate.** In some cases a reserve may be higher than that, but it will never be higher than the estimate. We have made every effort to make the estimates realistic and conservative. **In addition no bids on coins and medals of precious metal lots will be accepted that are below the melt value of the item. For our auction purposes we are defining precious metals as being of silver, gold, platinum or palladium.** The price of gold as we write this is \$860 per troy ounce and silver is \$11. As you are well aware the markets are in a state of turmoil and these prices will probably be different when you read this and then again different when the sale closes. There is no platinum or palladium in this sale.

where are the photos?

If you immediately went to the back of the catalog and looked for pictures and they weren't there, do not fret. All the images are up on our website at www.rosenlbuncoins.com. They are all in color (or should be) and there are many more of them than usual.

After a number of years of debating the question and seeing the costs of mailing and photography escalate we decided to take a step into the 21st century and put the pictures on our website only and not in the catalog. We weighed this decision carefully and thoughtfully but we could no longer justify the time and the costs involved in having a printed catalog with photographs.

However we now have almost all single lots photographed in color on our website. For those of you who have access to a computer but not the internet or for those of you who want "to keep" the photographs we will try to make a read only disc available of the catalog for \$10.

bidding in our mailbid sale

We will stop taking bids at 9:00 PM on November 13th or when our phone and/or Fax stops ringing for 10 minutes. Please do not wait until the last minute and get shut out. In every sale a number of bidders could not get through on the last night.

We suggest you bid above estimate if you want an item **as high bids will be reduced.** Our bid sheets offer several bidding options that can save you money, optimize your bids and see that you get the lots that you really want. If you

are unsure of how to use these options, please give us a call and we will be more than happy to explain them to you.

Please keep in mind that in some cases there may be unpublished reserves set either by the consignor or the cataloger and no bids of less than 60% of estimate are considered. We do not have a call back service, but after placing your bid you may contact us as many times as you like to check on your bids. And we take seriously the commitment to reduce bids. **We do not reveal the high bid of any lot, but if you have placed a bid on a lot, you may contact us after your bid has been placed and we will tell you if you are the high bidder.**

Usually well over 1/3 of all successful bids are reduced and over 75% of successful bidders have at least one of their winning bids reduced. We believe that the best strategy to being a successful bidder is placing your bids early and not waiting until the last minute.

Please keep in mind that **we can not guarantee who is the last bidder.** If someone calls us at 9 PM, the sale will continue for at least 10 minutes after that call is completed. If someone else calls us during that 10 minutes, the sale continues for another 10 minutes. And so on.

no buyer's fee

There has been quite a bit of discussion lately about companies that charge what some say are excessive buyer's fees. We do **not** charge a buyer's fees in our sales. You are charged only for the amount of your winning bid, postage and shipping charges. If you want the convenience of using your credit card we charge you a small fee to use that to help cover our costs.

lot viewing schedule

DENVER COIN EXPO. October 30-November 2, National Western Complex, "Expo Hall", I-70 and Brighton Blvd., Denver CO. Thursday October 30th is dealer set up day. Public hours are Friday and Saturday 10 AM to 6 PM and Sunday 10 AM to 3 PM. We will have most lots in the sale available for viewing at our bourse tables during all show hours. **There are some bulk lots which we will bring only if specifically asked to. Please contact us prior to the show to ensure that we bring the lots you want to see.**

We plan to have the majority of the material in the sale in our office Monday through Friday beginning October 20th except for the show dates mentioned above, until the close of the sale if you need more detailed description of any of the lots. However, please contact us as well in advance of the close of the sale as possible in order that we can provide you with as much information as possible. We will be happy to return your call if we cannot provide you with the information you require when you call, fax or email.

We will **confirm** all **email bids** received within 24 hours of receiving the bid. If you do not receive a confirmation please contact us. We have been deluged by spam as I'm sure many of you have also. Even though our filter separates most of the junk from the "real" mail, it does not do a perfect job, thus we ask that when sending us a bid or inquiring about the sale, please put "Bid" or "Mailbid Sale" or "Auction" in the subject line so we do not delete your email along with the junk we receive every day. We do **not confirm mail or fax bids** unless specifically asked to do so. Please write clearly on your bid sheet. If possible in addition to the lot # and your maximum bid a small description is most helpful.

No information will be available about the results of the sale until all bids have been checked and invoices written. This should take about 4 days. We will not be answering the phone until that information is ready. We hope to be ready by Monday November 17th or Tuesday November 18th at the very latest.

Please note that this entire catalog is also up on our website at www.rosenblumcoins.com. There you will find not only everything in this catalog, but also color images of all lots pictured. If the images are not up on our site when you receive this catalog they should be soon.

highlights of auction 38D

We're actually a day ahead of schedule in getting this catalog to the printer. That's our 2nd schedule which is a week behind our first. A six day visit by our 2 year old granddaughter and her parents set us back a week. It was well worth the delay.

While this sale is smaller than most we've had it's full of numerous goodies. Our ancient section is highlighted by 2 Jewish War Shekels, as well as a Bar Kochba Sela (Tetradrachm) and numerous bronzes from the Bar Kochba Revolt. In addition the city-coin listing has some very attractive and scarce coins listed.

Among the many highlights of the world coin section is a rare high grade gold coin of Julius Popper from Tierra del Fuego, the island off the coast of Argentina. There is also various Railroad medals from around the world, our largest listing yet of coins of the Crusader States as well as a group of six satirical anti-Napoleon III coins, one from World War I. In addition there are some very enticing groups of Israeli commemoratives and 3 complete sets of Palestine coins.

Our world paper section is smaller than usual but is one of our best offering yet with the highlights being Concentration Camp notes (including two pieces from Oranienburg), Israel and a nice group of Palestine Currency Board notes.

As usual our Medallion Judaic section is full of rare and unusual items. A few highlights include 3 jetons of Hans Krauwinkel, an original struck Munich Synagogue medal in silver, a long run of Judah Magnus medals in silver and our best offering of religious and ceremonial objects in a number of years. Our section of State, Commissioned and Presentation Medals may be our best yet with numerous trials strikes and patterns as well as very rare commissioned medals.

- *686 **CM-1., B'nai B'rith.** 1959 Bronze 61mm. Only 197 were struck, all presented to delegates at the 1959 convention. As is typical with the early Israel bronze medals the planchets were polished before striking and most of them have a harshly cleaned look. This is, by far, the nicest we've seen and looks only slightly cleaned. *The last we offered in auction in the Fall of 2003 was harshly cleaned and sold for \$135* \$150+
- *687 **CM-2A. 1st Harp.** 1959. Copper 61mm. Only 200 of these were struck. As with most early Commissioned medals, this "looks" like it has been cleaned. Scarce. Inscription is crude and flat. Much nicer than most we have seen. \$50+
- *688 **CM-2b. 1st Harp.** 1960. Bronze 59mm. 1,362 minted. As struck. \$40
- *689 **CM-2D? 1st Harp Competition.** 1960? Tombac, brass, or bronze 61mm, 120.5 grams. Type A, crude and flat lettering. "Cleaned" look indicating it was an early strike but *this is an unclassified piece as the only variety that Haffner lists in this size and weight is CM-2d which is tombac. IGCMC did not start issuing tombac medals until the mid-1960 s. Rare?, unpublished?* \$125
- *690 **CM-3. Hadassah Hospital.** 1960 Bronze 59mm. As SM-5 but with added obverse inscription, "Presented by the Israel Government Tourist Corporation to". This is an extremely rare presentation issue. *We can recall offering this only once in the past 15 or so years. (Sale 30F, Fall 2000 at \$500). The listed mintage is 500 but it seems much rarer than that.* \$550?
- *691 **CM-7, Shavit Til.** 1962. Silver 59mm. The very rare commissioned medal which was awarded to the scientists who worked on Israel's first satellite. The obverse has a beautiful black background, while the reverse is one of only two Israel medals which depict David Ben-Gurion's signature. One of only 450 pieces struck at the Amanograph mint. Some handling marks on the reverse which are usual, but still among the nicest we've seen. 1st we've offered in quite some time. \$450
- *692 **CM-7a. Shavit "Til"** 1962 **Silvered Brass** 59mm. **Plain edge trial piece.** Similar to above. Haffner says that the brass medals are **trial pieces** made before they were struck in silver. She does not mention them being silvered but this one obviously is (it's not pure silver as one can see the brass under the silver in various places). *IGCMC does not list either brass or silvered brass thus lending credence to the trial pieces theory. This is the 2nd piece we've seen silvered, the last in the Fall of 2000 sold for \$600. Extremely rare.* \$675+
- *693 **CM-8, Tourism Award.** 1962 Bronze 59mm. Only 505 of these medals were struck, they were never offered for sale, but presented by the Government Tourist Corporation. \$65

- *695 **CM-8v Tourism Award** 1962. **Silver** 59mm. Unlisted in either Haffner's Israel's Money and Medals or the IGCMC catalog although in her 1970 opus **The History of Modern Israel's Money** she lists this medal as PM-10a. but she gives no mintage figure. While there is no indication of silver or sterling mentioned on the edge there is also no evidence of bronze showing through either. *I cannot recall seeing this medal offered before. Of extreme rarity.* \$500+
- *696 **CM-9. Hebrew Union College.** 1963 B59mm. Never offered for sale by IGCMC, this was presented to those who attended the final construction meeting for the Archaeological School. Only 496 minted. \$75

- *702 **CM-24. Israel Bonds.** 1965 Bronze 59mm. With **Golda Meir's** signature. As above but with the signature of the former resident of Milwaukee and Denver \$275+
- *703 **CM-26. Yad Vashem.** 1965, Tombac 59mm. Also known as The Righteous Among Gentiles, this is, perhaps, the most sought after of all Israel Commissioned Medals. 50 pieces were struck and awarded to members of the Martyr's and Heroes Remembrance Authority Commission and no further medals will be struck. Virtually as issued \$400
- *704 **CM-26a. Yad Vashem. 1965, Silver 59mm.** As above. No mintage figures are known for the silver pieces but they are much rarer than in tombac The only other one we can recall offering was in our sale 30C where one sold in very spirited bidding for \$800. It is our understanding that the silver pieces were minted "as needed" until 1980 and after that copper-nickel pieces were struck for the same purpose. \$800+?

- *705 **CM-35. Tefahot Bank.** 1968. Tombac 45mm. Scarce and seldom offered. Only 900 minted. Only the 4th we have offered since 1995 or earlier. \$175

- *708 **CM-42b. Dr. David de Sola Pool.** 1971. Silver 59mm. Rare. 285 medals. Kagan (Haffner Magnus) indicates that 60 medals were struck in 1970 with a Menorah, the remaining 225 in 1976 without a Menorah. However IGCMC indicates all 285 were struck in 1971 without a Menorah. The last we offered sold for \$160. \$150+
- *709 **CM-45. Bank of Israel.** 1971 Tombac 59mm. Only 505 pieces were minted for the Bank of Israel which were presented "for outstanding service to the State of Israel in the promotion and marketing of its coins and medals". As struck \$85+

- *715 **CM-49, Munich Synagogue.** 1972 Silver 45mm. A surprisingly difficult medal to locate, this medal was issued when a new synagogue was dedicated in Munich on the site of the Central Synagogue burned down by the Nazis in 1938. See Lot #494 for a medal commemorating the opening of the previous synagogue in 1887, \$100?

- *729 **CM-69. Bank of Israel.** 1974, Tombac 59mm. Issued for the Bank, never offered for sale to the public. \$55
- *730 **CM-72a variety Golda Meir Prime Minister Medal.** 1972. Silvered bronze (?) 35mm, English variety. (27.98 grams). Rare variety which is not in a key ring (See below for another). We believe that this is an unlisted silvered bronze example of this scarce medal. Haffner lists a bronze piece at 28 grams, while IGCMC does not list a bronze medal at all. Dull Unc. Rare. *I have found no record of offering the Golda Meir Medal in any variety in at least 13 1/2 years!* \$400+
- *731 **CM-72d. Yitzhak Rabin Prime Minister Medal.** 1975. Bronze 35mm but not in the key ring. 23.62 grams which is far less than the listed weight of 28 grams. Either a rare "thin" variety or the listed weight is wrong which is more likely the case. In any case we don't believe that we've offered this medal without the key ring before. Since the key ring was soldered on it would be easy to detect if this was just removed from the ring. Some handling marks. Very rare \$400?
- *732 **CM-74. Benei-Beraq Jubilee.** 1974 Tombac 59m. Issued for the 50th anniversary of the municipality and rare. Stylized

However not only have we not offered it in gilt, we have never even heard of another example in gilt!. Neither Haffner nor the IGCMC mention this and it is our supposition that this was presented to a very high official of the company. \$450?
- *734 **CM-79e.1975 Gold Hobby Medal.** 22mm. Scarce. BU. 22 Karat gold, almost 1/4 ounce of gold. \$200
- *735 **CM-87. Rare variety of Bank Leumi Le-Israel 75th Anniversary.** 1977 Tombac 59mm. Originally formed as the Anglo-Palestine Company it was an important and vital cog in Eretz-Israel and was the issuing authority of the first two issues of State of Israel Banknotes. *While 29,974 medals were minted Haffner states that only "a few were struck with the inscription, State of Israel in English and Hebrew, instead of just Israel."* The IGCMC catalog only mentions the common variety. This has "State of Israel" on the edge. \$150+?

Judaic and Holy Land Paper

We have divided this section into financial, historical and graphic paper and these categories are at least somewhat arbitrary. We end with Holocaust related memorabilia, most of which is paper. We also suggest that you take a look at the following lots in part one of this catalog which could definitely be listed here. Lots. 383, 383a, 386-389, 391-453, 456-464 and 467.

Financial Paper

- *751 **August Belmont & Co.** 1865 Gold Receipt for \$86.67. Belmont was a US banker, diplomat and politician who was born in Hesse. He claimed descent from the distinguished Sephardic family of Belmonte but others say his original family name was

Schoenberg. He apprenticed at the Rothschild bank and later when he opened his own banking house he still represented the Rothschilds until his death in 1890. He was very active in Democratic party politics from 1860-1872, was the founder of the US (Horse) Racing Club and both the Belmont racetrack and the Belmont stakes were named after him. With a vignette of Western Wall printed at top and 3 elaborate handstamps on the lower portion of the note, one with the Western Wall one of Sephardic Community of Jerusalem and the 3rd of the Grand Rabbi of Jerusalem, the later two in Western, Hebrew and Arabic letters. The signatures of the kollel members are very beautiful Rashi types. One of the most interesting of these that we have seen. Fine+, small corner missing. No doubt rare. Interestingly the Valero family has recently been in the news in Jerusalem saying that they are the rightful owner of land located near the Damascus Gate in the Old City which they claim the State never compensated them for. i.e. Land seized after the Six Day War. Land, that they say, Aharon Valero purchased in 1921. See Ha'aretz 17 April 2008 \$100+

Fine, with some fraying at edges and 6 coupons attached. At the beginning of the 20th century the Teachers Association was involved in a dispute as some teachers, especially in urban areas, refused to teach Hebrew and continued to instruct their students in German or Yiddish. The Association finally prevailed upon it's members to use (Sephardic) Hebrew. Scarce, 1st I can recall seeing. \$75+

Kozichovice is a small village near Trebic about 65 kilometers west of Brno in what is now the Czech Republic. Depicts Dreyfus in full military dress wearing his Captain's rank and holding his sword, all of which had just been returned to him. Behind Dreyfus, one of his judges, to the right his honor guard. The short, yet dramatic, scene officially ended the Dreyfus Affair. The Dreyfus Affair became the catalyst for Herzl and his Zionist vision. EF, postally used in the Netherlands. Rare. Included with this lot is more information about the Dreyfus affair from the Jewish Virtual Library. \$70+
- *844 **Borkum, Germany Anti-Semitic Postcard.** 1901. "Greetings from Borkum". Borkum was a small island in the North Sea which was known for its popular seaside resort. It was also famous or infamous "as the only spot on Earth without a Jew". **This and the following four lots are all from Borkum but all different.** This features 3 verses of the Anti-Semitic "Borkum Song" which was played at the end of each performance by the local band and joined in by the German crowd. "Here at the land of German islands, there is a true German spirit...thus those of our kind come here with pleasure...at the seaside boardwalk only Germans can be...our motto is 'Germany for Germans'. Hence, those who come with flat feet, crooked noses and curly hair, can not enjoy the beach, but must be out! Be out! Be out!" Scene at the left shows German crowd singing with hands raised and glasses full, while scene at right shows a group of 7 Jewish "types" being refused admission to a hotel. VF or better. Multicolored with undivided back, thus before 1904, franked and posted 1907 with a receiving postmark from Vienna. *See the following four lots.* \$90+
- *845 **Borkum, Germany Anti-Semitic Postcard.** 1904. Titled "Greetings from Borkum" Features a scene of a well dressed but naive Jewish vacationer, being thrown out by an automatic machine in the shape of a giant fist and boot near the railroad station. His travel case and belongings are scattered about and he is about to be hit by an oncoming train. Captioned, "Er Muss Hinaus!" (Must be Out). With manuscript message around image on undivided back postcard. Postally used and franked with receiving postmark of Bremen. VF and very scarce. See lot above and following three lots. \$150+
- *846 **Borkum, Germany Anti-Semitic Postcard.** Post WWI?. Similar to Lot #844 (different colors) above but with added 10 line

- verse over stamped on back, "...Borkum, the most beautiful site by the North Sea, please remain Juden Rein (Jew Free, the same term used later by the Nazis during the Holocaust to indicate a town which all its Jewish population was exterminated or transferred to the Death Camps)...Leave Rosenthal and Levinsohn alone at Norderney (a nearby island) and those who come with flat feet...etc.". This card shows how anti-Semitism increased after WWI as Jews were blamed for "stabbing Germany's back" and thereby caused its defeat. Divided back. Unused. VF. See lots above and below \$140
- *847 **Borkum, Germany Anti-Semitic Postcard.** 1929. Multicolored, but a later edition showing the same scene, but a vertical designed postcard. The scenes at the hotel are at the top but much smaller, most of the postcard is now devoted to what is now a 5 verse song with the overprinted verse plus more from the lot above now added to the body of the postcard. VF, with manuscript message on back. Postally used, sent to Karlsruhe. \$110
- *848 **Borkum, Germany Anti-Semitic Postcard.** 1939. Multicolored as above but in a rather modern "clean" design using a different font and different colors but with the same vicious text and illustrations as above. Franked and posted to Berlin. EF. The fifth of this remarkable series of similar cards. EF \$110
- 849 **Borkum, Germany Anti-Semitic Postcard Group Lot.** The above five cards as one lot. All are different, yet one can see the same anti-semitic message for nearly 40 years. The high bid for this lot must exceed the combined high bids of the preceding lots (Lot #844 to 848) to win the lot. If the five postcards stay together as one lot, an additional postcard from 1908 showing the North Sea, Borkum, Norderney and other Islands will be included along with a printout about Borkum and its anti-Semitic history. \$600+
- *850 **Austrian Anti-Semitic notes.** 1920 Set of 3. 10, 20 & 50 Heller. Issued by the Anti-Semitic Bund of Austria. All with burning newspapers on the obverse and anti-semitic quotes on reverse. 3 unc notes. \$60+
- *851 **Arnstadt Anti-Semitic Notgeld.** 1921 10 Pfennig. A set of 6 different notes all with anti-Semitic scenes on the back. Jewish peddler with sack, Jew taking coins out of rear of bird, 2 Jewish woman arguing about money, Jewish businessman and his "victim", 2 Jewish businessmen celebrating after a deal and a Jew as a devil. All Choice Au-Unc \$100
- *852 **Brakel.** 1922. 2 Mark Anti-Semitic notgeld. Both the original blue (or perhaps black) note and the olive green note which replaced the blue note. The blue note depicts a man chained to a pillory which, according to the sexually psychopathic Streicher (who published the primitive anti-semitic Die Stuermer) personifies Jewry. The notes were received with so much disfavor that they were quickly withdrawn and replaced by a note with a row of houses in the background, which was seemingly less disgusting. The man is being punished for what is depicted on the other side, he holds his baby out the window while the baby defecates on an unsuspecting German. See The Shekel XVIII, #4. Both notes are AU. No circulation on the notes but slightly handled. \$90?
- *853 **Anti Semitic Notgeld.** Horneburg. 75 Pfennig. 1921. Features "a Jew" peeking out of a window. Unc. \$25
- *854 **Meggenhofen Anti-Semitic Notgeld.** 1921 Set of 3 Austrian notes, 30, 40 and 80 Heller, the first and third are black, the 2nd piece is blue. On the left we see an old Jew walking with a bag labeled "Hargeld" (gold and silver coins) in the direction of Switzerland. Above we see the dates 1914-1919 and "Ursache" and "Folgen". Cause and Consequences. On the right side we see a plane dumping out lots of paper money over towns and cities and the year 1921. The meaning of this note is certainly clear. Jews absconded with the hard money during WWI from Austria and the result is the hyper inflation now infecting Austria. 3 Au-Unc to Unc notes. Rare. *A similar set sold for \$130 in our sale 37A.* \$100+
- *855 **Sternberg.** 1922. Anti-Semitic Notgeld. The infamous set of 3 notes, which depicts the supposed destruction of the Holy Wafer by Jews. Unc. See The Shekel Vol XVII #4 (an error on the cover says Vol XVIII, this is July-August 1984). \$70

- *858 **Anti-Semitic Pin.** 1933/34. 30mm Aluminum pin, which asks the question "Peaceful nation or Jewish Dictatorship?" It depicts a handsome German with a sword & spade facing a wicked malicious Jewish type. EF, Rare. \$150+
- *859 **French Anti-Semitic Postcard.** ND. 1930's? Black on white card depicting a Jewish Capitalist trying to control the entire world and in caption below saying out of 100 Jews, 80 are capitalists, while out of 100,000 French only 1 is a Capitalist. Scarce. EF \$75+?

- *861 **Jewish Relief Organization in Nazi Germany.** 1937. Official publication of the Central Committee for aid and structure, by the Reichs Agency of Jews in German better known at the Reichsvertretung der Juden in Deutschland. A manifesto with the printed signature of the famed Rabbi Leo Baeck, "The Teacher of Theresienstadt". "The current situation requires cooperation...we must handle unknown new paths...in order to build our future...Immigration to Palestine and other countries...economic support to acquire new trades...principal general education, professional retraining...loans...aid for the youth, for families, for the health of institutions, schools and adult education..." Baeck chose his words carefully, the tasks he was facing were huge, so was the fear and danger from the Nazi regime. However he did succeed to deliver a calm yet urgent message to his flock. "We have here an historic role...to understand the current situation in Germany and to safely survive". Dated 5697, that is 1937. Four pages printed in brown on two pages only. Back partially repaired with archival tape. Rare and important. \$200
- *862 **Jewish Cultural Association of Hamburg.** 1937-1938. Membership card. Issued to Sophie Zuckermann. Her photo on inner side, with association hand stamps and signed underneath by the holder and at left by the Association board. Has perforated label with a value of 75 Reichspfennig. Outer side has terms and regulations, including "all events are closed - for members only" In Nazi Germany at this time all Jewish events were being held behind closed doors. Punched 6 times to indicate monthly dues paid. Undoubtedly scarce. It would seem that this organization ran at least partially without Nazi supervision as

- her photo does NOT show her left ear which the Nazis so prominently featured on official photographs of Jews (such as passports). \$125?
- *863 **Dachau Concentration Camp. Metal Triangle.** Green with "H" in center and 437 above and various hallmarks on back. The metal tags (see the lot below) were used in the early days of the Concentration Camps before the Nazis became more "efficient" in their methods. These tags could easily be removed from clothing and made escape easier, and probably more importantly they could be placed at the end of a stick and be used as a weapon. The green triangle indicated that this prisoner #437 was a habitual criminal. *See lot below.* \$275+?
- *864 **Dachau Concentration Camp. Metal Triangle.** Reddish brown with "H" in center and 2243 above and various hallmarks on back. The red triangle indicated that this prisoner #2243 was a political prisoner. *See lot above.* \$275+?
- *865 **Early Haavara Document.** 1939. Official German printed form of the "Palastina Treuhand-Stelle zur Beratung Deutscher Juden G.m. b.h." of Berlin. Addressed to Dr. Martin Levin of N9Frnberg about payment made directly to the Haavara of Palestine. The Haavara (transfer) Company was established in 1933 and was designed to facilitate Jewish immigration from Nazi Germany to Palestine. Though the Nazis had ordered Jewish immigrants to surrender most of their property before leaving Germany, the Haavara agreement let them retain some of their assets by transferring them to Palestine as German export goods. There was considerable opposition by Jewish groups, especially those who were advocating a boycott of German products, to this plan. However the Zionist Congress in their 1935 meeting in Lucerne overwhelmingly approved the plan and asked the Jewish Agency to run it. It is estimated that over 60,000 German Jews immigrated to Palestine via this method. VF. This, dated 10 May 1939, is a very late date for this sort of document, most were from the mid-1930's. The only similar document we can recall offering was in our sale 37A where a similar item, but from 1935, sold for \$90. This, from such a late date, may be one of the last such items issued. \$75+?
- *866 **"J" Passport for Jew who Perished.** In the past we've had similar type "J" or "Jude" Passports for people who were "lucky" enough to escape the Nazis. In this case this passport was issued to someone who was transported to Litzmannstadt and who perished before the end of the war. Issued in Vienna on 13 February 1940 to Isak Schneider with a Red "J" on the first page. The photo, along with Nazi handstamp, reveals his left ear very prominently. (Nazi propaganda says that Jews could be distinguished because their left ear was "different"). Mr. Schneider was born in Pressburg on November 6th 1874. Obviously there are no visas inside and Mr. Schneider was not able to leave Vienna until October 15th of 1941 when he was transported to Litzmannstadt. Accompanying this document is a printout from the "The Central Database of Shoah Victims' Names" from Yad Vashem which confirms the details. In excellent condition due to the unfortunate fact that it was never used. Remarkably this passport survived the war and for that reason alone must be extremely rare. \$500+?
- *867 **Lublin Judenrat Self Taxation Chit.** ND (1941). Lublin located in eastern Poland was the capital of the Lublin District. It was known as a center of Jewish cultural activities with theater, plenty of newspapers, political parties and dozens of Jewish organizations. On the eve of the war there were about 40,000 Jews in the town (about 1/3 of the population). The local Ghetto was established in late March of 1941 with over 34,000 Jewish inhabitants, its walls being closed on 24 April 1941 and only special workers and Labor Groups with specific permits were able to get out for a short while. The Jewish Social Aid system in the Ghetto was known as the Judische Soziale Selbst Hilfe and in October of 1941, the Nazis approved a request of the Judenrat to charge 50 Grozy from each Food Card in order to finance the local Epidemic Hospital. In April of 1942 1 Zloty was charged for administrative purposes. These chits are known in 2 values 1 Zloty and 5 Zlotych. We offer a 5 Zlotych chit which is printed in black on pink perforated paper and inscribed RADA ZYD W. LUBLINIE - OPLATA 5 ZL. That is "Judenrat of Lublin". It has about a 1/4 of a handstamp in the lower left corner. The chits were handstamped in the center of blocks of 4, thus each and every one should have 1/4 of a handstamp. Included with this lot is information with illustrations from the Shovel, the magazine of the Israel Philatelic Association. It is entirely in Hebrew. Very rare. I cannot recall ever offering an item from the Lublin Ghetto. F-VF \$500+

- *870 **Dutch Jewish ID CArd.** 15 July 1942. Printed on both sides in Dutch and German with holder's photo tied to card by the official handstamp of the Jewish Community of Rotterdam and ratified by the Joodsche Raad Amsterdam with a two line handstamp at top. Certifies that Hausdorff was born 2 November 1901 and was employed by the Jewish Community of Rotterdam. His signature is underneath the photos and signed in hand by M. Zilvermit, President and D. Wessel, Secretary of the Jewish Community of Rotterdam as well as Dr. HK Cohen of the Amsterdam Judenrat. Another extremely rare item from the Dutch Jewish community of WWII. We've offered about 5 or 6 items in the past year or so relating to Dr. Hausdorff, this is another important item to add to his story. VF \$1800+?
- *871 **Rivesaltes (France) Internment Camp.** 1942. An unusual envelope sent from H. Pinkus, inmate #15770, Center of German Jews in Rivesaltes DP Camp France. Has large green address label of the International Red Cross Committee, Central Agency for Prisoners of War and a circular postmark of the Rivesaltes DP Camp, Pyrenees. On the back is an oval censor handstamp of "Ministry of Interior, Dept. of National Security, Camp Rivesaltes Censorship". (See Simon page 69, bottom center for this handstamp priced at \$350 in 1973!). Rivesaltes was located in the so-called Free Zone of France under the administration of the Vichy Government and this Camp became a holding place for not only Jews but gypsies and Spanish refugees as well. When the camp became too crowded it became a sorting center for Jews who were then sent to death camps such as Auschwitz. F-VF and very scarce. Comprehensive data about Rivesaltes in included. \$150+
- *872 **Dutch Amsterdam Judenrat circular.** January 1942. Four page mimeographed letter from the Joodsche Raad Amsterdam, Department of Medicine addressed to Jewish Physicans and Dentists. Discussed how tax laws will impact them following the Nazi forced order to sell their Clinics and Practices of their non-Jewish patients as [art of the new Racial Separation Laws.

Jews were not allowed to treat non-Jewish patients. The law had been implemented in Nazi Germany in June of 1938 and was imposed in the Netherlands in November of 1941 10 months after the occupation of the Netherlands in May of 1940. The document is very technical in relaying to the physicians that not only were they forced to sell their practices they would also have to pay taxes on their profits from the sale of their practice. The document is really answers to Frequently Asked Questions because the doctors and dentists had been used to one set of tax laws (the Dutch) and that had been replaced by the new Nazi Law that seemed to indicate that even though they received less than fair market price for their practices since they had no alternative but to sell, all the money they received was so-called profit. It is worth noting that at the same time Dutch Jewry was also ordered to surrender shops and businesses into the custody of a special "Verwalter" or supervisor and in August of that same year (1941) were ordered to register and surrender their cash, checks, securities and all other assets at the "Lippman-Rosenthal" Jewish bank, which was in reality a Nazi puppet bank. The document we are offering tried to help the troubled and confused Jewish doctors in regard to how to file their 1941 taxes. It really shed light on the impossible and complicated situation of the Dutch Jewry. It really didn't matter in the end because the worst was yet to come. Signed in print by A. Roosendaal, Chairman and S. Spijjer, Secretary of the Medical Commission of the Amsterdam Judenrat. Pinholes at upper left. VF and very rare. \$425+
