However an **additional 3% is charged for use of said card in auctions and mailbid sales.** Please note if you use a credit card and are a new customer, we must be able to **confirm your billing address.** For those of you overseas this may be difficult so we ask that you include a numismatic reference.
11. Digital photos, scans, black & white or color copies are available for most single lots in the sale. Photos, scans and black and white print copies are \$1 per item, while color copies are \$2 per side. Payable in advance, please. In most cases digital images sent via email are free. 22. Prices realized will be published after the sale and will be mailed to all consignors, subscribers and competitive bidders. Others may receive a copy for \$5 or check our website.
23. **Slabbed (Encapsulated) coins graded and certified by PCGS, NGC, ICG or ANACS may not be returned for grading reasons.**
24. The minimum acceptable bid on any lot is at least **60% of the estimate.** In some cases a reserve may be higher than that, but it will never be higher than the estimate. We have made every effort to make the estimates realistic and conservative. **In addition, no bids on coins and medals of precious metal lots will be accepted that are below the melt value of the item. For our auction purposes we are defining precious metals as being silver, gold, platinum or palladium.** The price of gold as we write this is almost \$1600 per troy ounce and silver is almost \$30 per troy ounce. As you may be well aware, the markets are in a state of turmoil and these prices will probably be different when you read this and different again when the sale closes.

**IN MEMORIAM
CARL ROSENBLUM
JULY 30, 1915 - DECEMBER 6, 2011**

The publication of this catalog has been delayed approximately two months from our original target date due to family matters. Quite a number of you knew my Dad either personally or through his business W. P. Andrews Co. which started out as a chemical consulting company but later specialized in Israeli coins for the better part of 20 years. He was a fixture at coin shows in the New York and New Jersey area for much of the 1970s and 1980s and provided a friendly and non-threatening face in those hectic days. He was life member #6 of the American-Israel Numismatic Association and helped start and support many of the Israel Numismatic Society clubs in New Jersey and New York. His previous career was as a chemical engineer and during World War II his talents were used to make bombs and ammunition for our troops. Many of his inventions were indeed inventions for which he applied for and received patents. Unfortunately his love and skill for chemistry and science did not extend to me and I am not able to explain them.

I would not have spent the past 40 years in this business without the help, support, encouragement, advice and love of my Dad. Besides the most obvious, that of being my father, Dad was responsible for me entering this profession. He helped a bit financially but more importantly he opened some doors and guided my way when I needed some guidance even if I didn't know I needed it. While we were never in business together we were very friendly semi-competitors who occasionally worked together on projects. When I was offered my first opportunity to make a purchase of a major rarity in the mid 1970s he was the one who told me to go for it even though I thought would somebody else be crazy enough to give me a profit on this. (Now I wish I had kept it because it's probably worth 40 times or more of what I paid for it in 1974).

Besides numismatics and chemistry and gadgets my Dad had a love for chess, family, friends and ice cream. Until a few years ago he and another elderly person volunteered to teach chess at a number of schools near where he lived in Connecticut. His bumper sticker read "Push Pawns, Not Drugs" and he continued to play chess until the last week of his life. The day before he died while he was in the hospital, he told me he was bored because there was nobody to play chess with. He loved to finish off every dinner with ice cream and if my Mom would let him breakfast and lunch as well. And he was always there for his family no matter what. Even in his last months he would ask if there was something he could do for me even though all I really wanted was for him to stop driving which is something he finally did, but not willingly, a few months before his passing.

If viewing the catalog online is sufficient for you, please let us know so that we can cut down on the number of catalogs that we have printed and mailed out. If you are an active, competitive bidder and wish to continue to receive printed catalogs, we, of course, are more than happy to continue sending them to you. But please note we will be reducing our mailing list significantly before our next auction.

BIDDING IN OUR AUCTIONS

We will stop taking bids after 9:00 pm **Mountain time** on January 23rd, 2012 as soon as our phone and/or fax stops ringing for 10 minutes. Please do not wait until the last minute and get shut out. In every sale, a number of bidders can not get through on the last night. **No matter when you call, you can not be guaranteed to be the last bidder because the sale will extend for at least 10 minutes after your call.** But once it is over we will not answer the phone. If time is running late and the phone is busy, I strongly suggest sending us an email or a fax with your bid or bids.

We suggest you bid above estimate if you want an item **as high bids will be reduced.** Our bid sheets offer several bidding options that can save you money, optimize your bids and see that you get the lots that you really want. If you are unsure of how to use

these options, please give us a call and we will be more than happy to explain them to you.

Please keep in mind that in some cases there may be unpublished reserves set either by the consignor or the cataloger and no bids of less than 60% of estimate are considered. **In some cases the reserve is higher than 60% of estimate but in no cases is it more than the estimate.** We do not have a call back service, but after placing your bids you may contact us to check on your bids. And we take seriously the commitment to reduce bids. **We do not reveal the high bid of any lot, but if you have placed a bid on a lot, you may contact us after your bid has been placed and we will tell you if you are the high bidder.**

Usually well over 1/3 of all successful bids are reduced and over 75% of successful bidders have at least one of their winning bids reduced. We believe that the best strategy to being a successful bidder is placing your bids early and not waiting until the last minute. And because we reduce the high bid to no more than 10% over the 2nd high bid whenever possible, we think it makes sense to send in your bid early with the confidence that your bid will be reduced if at all possible. It's a successful auction when everybody is satisfied with the results; the consignors, the bidders and the auctioneer.

NO BUYER'S FEES

There has been quite a bit of discussion lately about companies that charge what some say are excessive buyer's fees. We do **not** charge any buyer's fees in our sales. You are charged only for the amount of your winning bid plus a postage and shipping charges. If you want the convenience of using your credit card or sending us a bank wire, we do charge you a small fee to help cover our costs.

LOT VIEWING SCHEDULE

GOLDEN COIN SHOW Jefferson County Fairgrounds. 15200 West 6th Avenue. Indiana St. Exit of 6th Avenue Parkway. Saturday January 21, 9 am to 4 pm. We will have most lots in the sale available for viewing at our bourse table during the show. However we will not be bringing bulky, heavy or cumbersome lots. If there is something you would like us to bring, please let us know and we will make every effort to bring it. We may be able to arrange individual private showings, at locations of our choosing, at other times.

We plan to have the majority of the material in the sale in our office Monday through Friday from January 10th until the close of the sale if you need more detailed description of any of the lots. However, please contact us as well in advance of the close of the sale as possible in order that we can provide you with as much information as we can. We will be happy to return your call if we cannot provide you with the information you require when you call, fax or email. We will be out of town from December 28th until January 10th.

We will **confirm** all **email bids** received within 24 hours of receiving the bid. If you do not receive a confirmation please contact us. Please mark your email bids, auctions or something similar

so that our filter will recognize it. We do **not confirm mail or fax bids** unless specifically asked to do so. Please write clearly on your bid sheet. If possible, in addition to the lot # and your maximum bid a small description is most helpful.

No information will be available about the results of the sale until all bids have been checked and invoices written. This should take 3 or 4 days. We will not be answering the phone until that information is ready. We hope to have the phones open by Friday January 27th.

Please note that this entire catalog is also up on our website or will be shortly. Our website address is **rosenblumcoins.com**. There you will find not only everything in this catalog, but also color images of all lots pictured. If the images are not up on our site when you receive this catalog, they should be soon.

HIGHLIGHTS OF AUCTION 41E

There is no gold section in the auction but we have a few gold coins and medals interspersed in the sale. Please check out lots 131A, 175A, 222A, 267, 411A, 432a, 724 and 735.

Although our ancient coin section is much smaller than usual it is not without a number of rare and interesting items. 4 coins of Herod Antipas are being offered and while none are mint-state a few are comparatively nice and they are all scarce.

A very choice year one half-shekel of the Jewish War (First Revolt) is the highlight of the ancients. This should be of interest to more than a few people. This is followed by a year two shekel which while not high grade is genuine and will offer someone an opportunity to own a rarity at a reasonable price. Other Judaeans coins include a year one Bar Kochba middle bronze, a silver zuz and city coins of Abila, Antipatris and Marisa.

Other ancients that should be mentioned include two nice Shekels from Tyre, a tetradrachm of Gotzares II, a continuation of Roman women on coins including a small bronze of Domitia and an As of Orbiana as well a variety of other interesting coins.

We have a small but interesting offering of literature including major works on coins of Judaea, Abdera and Kamarina. In addition the highlight of this section is no doubt a 1791 4-volume edition of the complete works of Josephus the celebrated 1st century Roman-Jewish historian.

There are almost 360 lots of world coins, medals and tokens and should offer most every collector or dealer an opportunity to add to their collection or inventory. As usual we have a sold listing of Palestine and Israeli coins including a rare token of Mikveh Israel, numerous Israeli commemoratives and many high grade Palestine coins. Perhaps the single rarest coin is a mint-state 1955 20 Franc Belgium coin with French legends but there are many other interesting items including countermarked coins of the world (including some on US coins), scarce coins from Switzerland, France, Italy and New Zealand and many medals and tokens from around the globe. We even have a handful of US coins including an 1877 20¢ piece and an 1889-CC Morgan dollar.

Our world paper money section is also smaller than usual but we still offer a number of rare and/or interesting lots. 4 sketches of proposed notes for the Israel 1958-60 series of notes are being offered. Each sketch is from the Shamir Brothers firm who's designs were used to produce the notes. 3 decent Palestine Currency Board notes are being offered one of which we sold to a collector in 1974 and purchased from him this summer for many times what he paid for the note. A meal card from the Stara Gradiska Concentration Camp in Croatia as well as other concentration camp notes and related items are for sale including one fascinating item from Buchenwald with the impressions of the camp written on the back of the note from one of the US soldiers who helped liberate the inmates in 1945.

One of the more interesting items in this section is one of the first US Postal Savings Stamps issued in 1941 which was sent to a newspaper reporter in NY in the hope that he not only help by buying stamps but by publicizing the effort. The appeal was personally signed by Treasury Secretary Henry Morgenthau.

There are over 200 lots in our Medallic Judaica section containing a variety of medals, tokens and related exnumia. Many of these we haven't offered in years, others we have never offered. Collectors of this material should also look in Part One of the auction for Jewish related medals and tokens as well. A great many of these items come from a collection that we have helped disperse over the past few years. Every time we receive a package in the mail from this gentlemen we open the boxes with great anticipation. In addition another group came from a serious collector of medals relating to the Holocaust.

Our Judaic and Holy Land paper section as well as our Holocaust section is also smaller than usual but we urge collectors to spend some time looking at this section. Arthur Szyk works, Eretz-Israel bonds and shares, anti-Semitic notgeld and some interesting documents are listed. And many items which could have been listed in these sections are being in offered in other sections of the catalog.

- *321 **MALTA, Knights of Rhodes, Jan Captiste de Lascaris de Castellar** (probably). 1636-47 Bronze 4 Tari KM-68 (4.25g). Date obliterated and countermarks added from the mid 17th to the late 18th Century. During this period the Knights of Malta faced serious problems with the counterfeiting of their coins and in an attempt to alleviate this situation they continually counterstamped their 2 and 4 Tari coins to re-validate them. This coin has multiple countermarks. On the reverse we can see a double headed eagle (the earliest countermark by Jean-Paul Lascaris 1646), a crown which looks like it is the crown on top of the Star of David (Ramon Despuig 1741) and a paschal lamb (Emmanuel de Rohan in 1792). On the obverse there seem to be 3 or 4 more countermarks that are almost on top of each other, one is a crown, another seems to be a Fleur-de-lis and a 3rd looks like the MA monogram of Francisco Ximenez de Texada. Due to the presence of both the first and the last countermark, it seems probable that this coin circulated for the entire 146+ year period! Host coin Fair (but type discernible), countermarks Fine to VF+. A wonderful historical coin, certainly worthy of even further research. \$100+

- *348 **PALESTINE. Mikveh Israel.** (c.1879) 1 Para. Haffner CC-4a. “Broad” 1. VF+, a few minor nicks. *Mikveh Israel* around “1”/AIU. One of the nicest of these rare tokens we’ve handled in many years. These tokens were issued by Charles Netter on behalf of the Alliance Israelite Universalle and are similar to the tokens issued by the Zichron Yakov wine colony

founded in 1879. Neither series of tokens spelled out the denomination probably to avoid upsetting local Ottoman officials. However within a few years the Turks decided that even these tokens without the denomination smelled of trouble and they were recalled rather quickly. That was not the case for the token listed in the next lot! \$400+?

*349 **PALESTINE. Templar Token.** ND c. 1880. 20 Para Brass. Type 1 without “consum-mark”. CC-13a. VF. The Templars were a German Protestant sect which broke away from their church and moved to the Holy Land in order to live a more “Biblical” way of life. Alfonso XIII.** Engraved on the reverse of a 1893 1 Peseta (Y-84, KM-702) child's head type. *Found on INFANTA MARIE THERESA July 6-98 Santiago de Cuba.* The Infanta Maria Teresa was an almost 7000-ton armored cruiser that was the flagship of Spanish Admiral Cervera in the Spanish-American War and was burned and beached in the Battle of Santiago on 3 July 1898. This, no doubt, was picked up by an American sailor 3 days later who must have spent many days at sea hand-engraving this handsome piece. Coin is Fine, engraving is excellent. Daniel Frank Sedwick sold a larger 5 Peseta coin taken from the same wreck in his October 2010 auction for \$650 plus buyer's fee. Our example is smaller but the engraving is much nicer. \$100+

- *532 **PALESTINE, Palestine Currency Board**. P-8c. 5 Pounds 20 April 1939 Series D. Nice Fine. The last 5 Pound 1939 we sold at auction, which was also a Series D, was in our sale 38D where one, not as nice as this, sold for \$2000. We sold the current note to a collector in July of 1974 for \$65! Palestine notes have certainly gone up in price in the past 27+ years. \$1500+

- *537 **UNITED STATES, Colorado, Cripple Creek**. 1899 Check from Glauber's (3rd St & Bennett Ave) for \$19.49 to Kohn & Co. On a check of The First National Bank, with hands stamps of that bank blue, the Bi-Metallic Bank, Cripple Creek, the Colorado National Bank, Denver and Importers & Traders National Bank. Interesting piece of 19th Colorado history and Colorado Judaica. See Lot #538 below for a related item. \$50+
- *538 **UNITED STATES, Colorado**. 19th Century **B'nai B'rith Receipt**. 1895. From Denver Lodge #171 of the I.O.B.B. (International Order of B'nai B'rith) a receipt for \$4.80 for dues payment received from M. Glauber, a merchant in the gold mining town of Cripple Creek, and signed by M. Eppstein. - *539 **UNITED STATES. 1941 Henry Morgenthau signature on Treasury Department US Postal Service BEP envelope** addressed to *Edward Titus of the New York World-Telegram. In the album contained in this envelope is one of the first one dollar U.S. Postal Savings Stamps of the Defense Series to come off the presses of the Bureau of Engraving and Printing. Cordially, May 1, 1941 (his actual signature in pen)*. Also included in the lot

is the original album or booklet with Edward Titus's name on it and one \$1 savings stamp. A "wonderful new book" by Fred Schwan, Larry Smulczenski, James Downey and Mark "Sparky" Watson entitled **World War II Savings Bonds and Stamps** tells the story of these little WWII collectibles. The album for the stamps is listed as A-107 and the stamp as #204. However I see no mention of the envelope which was probably sent to prominent newspaper and radio people to help publicize the effort. The album is close to as new but shows some evidence of handling, the stamp is mint but pasted into the album. The envelope shows definite signs of aging. Morgenthau's signature is being offered in various places for \$700 to \$900. As a member of Roosevelt's cabinet, he persuaded the government in efforts to rescue Jews during World War II. After Roosevelt's death, Morgenthau was actually next in the presidential line of succession to Truman from June 27 to July 3, 1945. But he didn't remain in public office. After leaving the Treasury Department in July of 1945, he spent much of the rest of his life working with Jewish philanthropies. \$200+?

*540 **DANIEL IN THE LION'S DEN AND THE PROPHET ELIJAH.** 1577 Bronze Jeton (29 mm, 5.65g). The Prophet Elijah sitting left beneath clouds, Jehovah in Hebrew above, cityscape in background/Daniel seated right in lion's den, at right two lions, above in the clouds, "Jehovah" in Hebrew. Neuman-34214, Dugniollie-2721, A rare dated Jeton with Hebrew on both sides! F-VF, some scratches in field. *In our last sale, we sold a nicer, but cleaned, example for \$200.* \$100+?

*541 **DANIEL IN THE LION'S DEN.** ND. (1590s) Bronze Jeton. (28mm, 3.80g) by Hans Krauwinkel from his Biblical series. Daniel in the lion's den, being attacked, dead captive below, angel above, accosted by 2 faces of God/Daniel in the lion's den, lion's now fawning on him, flying angel above. Mitch-1630, Neumann-32979. Nice VF+. *A similar jeton brought \$135 in our Spring 2011 sale.* \$100+

*542 **FEATHER JEW.** ND (c.1700) Bronze 42mm by Christian Wermuth. Jew with feathers in cap and carrying a large sack on his back and a smaller money bag in his hand. Long legend around and continuing on back implying that Jews pimp for the rulers and the cuckolded husbands are rewarded by public office. The inscription is a mix of German and Latin. Jewish Medals page 9-11, 111, Kirschner-11. Nicely done bronze cast, fields somewhat tooled but still attractive. This is one of the most infamous of all anti-Semitic medals and the first we've offered in many years. Bruno Kirschner, Henry Grunthal, Antoine Feil, Arthur Polak and Daniel Friedenberg are just a few of the many who have commented on the meaning of this medal. VF. \$175+

*543 **MOSES, JOACHIMSTAHL MEDAL.** ND. 16th-17th Century or perhaps later. Silver 37mm, 15.56g. Attributed by some to Jerome Magdeburg. Nicely cast medal. Bust of a horned Moses facing left, **MO-ISE** to either side and the same in Hebrew on his shoulder, German legend around/Hebrew quote from Exodus in 4 lines in square and German legend on each side. See Jewish Medals page 93, Katz-146. One of the nicer of these that we've seen. \$150+

*544 **TEN PLAGUES.** 1611 Brass Jeton (27.5mm, 6.26g). Jeton for the 10 plagues. Crown paired shields of France and Navarre, Latin legend around/Pestilence raining down on tents of the Israelites, the Red Sea between the tents and Pharaoh's palaces, Jehovah in **Hebrew** above. Feu-12044, Mitchner page 1042. EF. Rare. First I can recall seeing. \$50+

- *545 **PILGRIM'S TOKEN.** ND. Probably 17-18th century. Silvered 33 mm (15.09g). Bust of Jesus left/5-line Hebrew legend. VG/F with loop attached for wearing, and this was no doubt worn. See Jewish Medals page 90. Seems like an earlier piece than most that we have seen. *Ex Seymour Fromer collection.* \$50+?
- *546 **NOAH'S ARK JETON.** 1742. Copper 28.5mm, 7.32 grams. Head of Louis XV of France right/Noah's ark at sea, dove flying above. Feu-2057, Mitch-3507. Nice Very Fine. Rare, we haven't offered one of these in many years. \$100+
- *547 **NOAH'S ARK JETON.** 1742. Silver 28.5mm, 7.25 grams. Head of Louis XV right/Noah's ark at sea, dove flying above. Feu-2056, Mitch-3507. Nice EF. Rarer than above, I can't recall ever offering a Noah's Ark Jeton in silver before. \$250+?
- *548 **EDICT OF TOLERATION.** 1781 Pewter or White Metal 45mm by J. L. Oexlein. Bust of Joseph II right, *Love and Delight of the Human Race* (in Latin) around/A large memorial with a figure pointing out the Latin words, *Religious Liberty from Joseph II in his Lands to Protestants and Jews 1781* and around the top, *Who Commands that All Live Fully.* Coins Reveal-122, Jewish Medals, p. 36 and 124, Whiting 531 (280 Francs in 1983!) and listed in both the Jewish Encyclopedia and Encyclopaedia Judaica as an important medal. VF-EF, a few field marks and with copper plug as issued. Joseph II, son of Maria Theresa, was a benevolent despot who gave full freedom to Protestants and some liberties to Jews with his 1781 Edict. When he died in 1790, the Edict was revoked. This 1781 type, with the Memorial instead of a Rabbi, Priest and Minister, is a much rarer example than the later and it's been many, many years since we last listed one for sale. Missing in many collections. \$250+
- *549 **ROTHSCHILD & MOCATTA. Bull and Bear Advertising token** of John Ashby, Stockbroker. 1820s. Bronze 35mm. Bull with face of Nathan Mayer Rothschild, legend/Bear, with face of Moses Mocatta, a List of Fixed holidays (likely including Jewish holidays) . Neumann-26474, See Jewish Medals, page 50. While some might consider this anti-Semitic, Friedenberg believes that it is a tribute to the financial genius of the English Jews. VF, nicks. *The last we offered was in 2010 where one in similar condition sold for \$390!* \$300
- *550 **KING DAVID.** 1827, Paris Silvered brass 34 mm by Barre. Bust of King David wearing helmet/Harp, and in Hebrew, *A rod to rule, I will open my ears to the secret of my harp, (5)587.* See The Shekel Vol 24, #4, pages 8-10. Choice EF. Very rare this nice. Edge reads, *Paris 1827 David.* \$200+?

- *552 **EARLY BAR MITZVAH MEDAL?** ND (c. 1830) Bronze 42.5 mm by G. Loos. Rabbi blessing boy/A Menorah on table, with tablets in front. German legends on both sides. I can't quite make out the fancy German legend so am not exactly sure what the medal is. A description in a German auction labeled it "*The Fear of God*" but that seems unlikely to me. EF and rare. \$350+?
- *553 **DUTCH JEWISH SEMINARY AWARD MEDAL.** 1836 Bronze 49mm. By P. Schouberg. A column in the center with a Magen David plaque on the bottom and Lion of Judah and the tablets/Legend around a wreath with space for a name. Polak-22. EF. The 2nd of two medals that Schouberg did for the Jewish High Commission of the Netherlands. 1st we've offered in many years. \$150+
- *554 **HAMBURG JEWISH HOSPITAL.** 1841. Bronze 22mm. Bust of Salomon Heine left/View of the Home. Heine was not only the principal benefactor in getting this hospital built, he was the uncle of Heinrich Heine. Nice VF. An important Jewish medal of the first part of 19th century. Coins Reveal-150. Due to the lack of hospital facilities for Jews in Hamburg, and to honor the memory of his late wife, Heine started the work on this hospital in 1839. When it was opened, the facilities were open to all regardless of religious affiliation. \$50+
- *555 **GENERAL JULIUS DE MEZA.** 1850 45mm White Metal by A & M. His uniformed bust slightly to the left, name below, *25th Juli 1850* to the right/8-line legend above a trophy. The De Meza family were a prominent Sephardic Jewish family who played important roles in all aspects of Dutch and Danish society in the 18th and 19th century. EF, some field

- marks. I cannot remember ever offering this rare medal previously. While not mentioned in the Encyclopedia Judaica, this medal was listed in the 1906 Jewish Encyclopedia. \$175?
- *556 **FALSE SHEKEL.** ND. WM 35mm (13.32g). Unlisted type B with long-thin smoking conical like urn that somewhat resembles Kisch B13 and Lapa 18 but different than either. Also with maker's name at bottom Pattorini (?) Bradford. EF, but field marks. \$60+
- *557 **GIACOMO MEYERBEER.** 1847 Bronze 47mm by. C. Radnitzky of Vienna. His high relief bust left/5-line German legend in wreath. Meyerbeer was a famed 19th century composer, this medal was dedicated to him by members of the Concordia Society. I can't recall offering this in many years. Great Jewish Portraits page 130, Niggl-1332. A beautiful choice specimen and very rare. *See the lot below.* \$200+
- *558 **GIACOMO MEYERBEER.** 1847. Bronze 45mm by Jakob Resek. His high relief bust right, *G. Meyerbeer* above and the artist's name below/5-line legend in wreath which paid homage to the Great Conductors of 1847. Niggl-1333, Jewish Minters & Medalists page 66. Resek was the only 19th century Bohemian Jewish medalist known to the late Daniel Friedenberg. Nice EF, a few spots. Rare. I cannot recall ever offering this medal before. *See the lot above.* \$250
- *559 **BENJAMIN DISRAELI.** ND (c. 1876). Bronze 34mm Watch Fob. His bust 1/2 left, "*Benjamin Disraeli - Earl of Beaconsfield, KG*"/Arms. Brown VF-EF, with loop attached. Nicest we've offered in many years. The portrait is similar to the one used on his "death medal" struck in 1881 (See lot 560 below). The last intact piece we sold was in our sale 35D where a similar piece sold for \$65. \$60+
- *560 **BENJAMIN DISRAELI MEMORIAL MEDAL.** 1881 Bronze 44mm by Ottley. His draped bust 3/4 to left/Legend. Eimer-1680, BHM-3094, Great Jewish Portraits in Metal, page 56. His first fame was as a novelist, but his greatest fame and importance was as a leader of the Conservative Party in Britain. He was a holder of many important government positions and was eventually named Earl of Beaconsfield by Queen Victoria. He was always proud of his Jewish background. There were a number of medals struck to honor him, this is one of the scarcest and we have not offered one in many years. Nicely toned purple, red and brown EF. \$150+
- *561 **LUDWIG AUGUST FRANKL.** 1880 Gilt bronze by Radnitzky. His bust left/Legend around arms. Frankl was an Austrian poet, secretary of the Vienna Jewish community and founder of the Laemel School in Jerusalem. He was among the first Jews to attend secondary school in Bohemia. This medal was commissioned by officials of the Vienna Jewish Community to honor Frankl on his 70th birthday. Listed by the 1906 Jewish Encyclopedia. Scarce. It has been more than 16 years (and probably much longer) since we last offered this medal. He received part of his Hebrew education under Zacharias Frankl who was related to him in some way and who also had a medal struck for him. See Great Jewish Portraits in Metal, page 38. \$200+
- *562 **MOSES MONTEFIORE.** ND (c. 1880). 19 x 25mm. His bust left, name in Hebrew below. Very thin with small hole as made at top for wearing. Perhaps these were worn by people to commemorate his 100th birthday in 1880 or at his funeral. Scarce? \$40+
- *563 **ALBERT'S SALOON.** San Antonio TX. ND (1889). Aluminum 32 mm. Mounted 78-point elk's head above large 5-pointed star, *T-E-X-A-S* on five points of star "*Albert's Saloon*" above/View of the Alamo, "*Cradle of Texas Liberty*" above and "*Alamo*" below. Rulau TX-SA7, Wright-12. Au-Unc., somewhat dirty, a few minor nicks and scratches, but not much wear. The proprietor of this saloon was Albert Fredrich who ran the saloon from 1881 to 1918 and who was very proud of being Jewish at a time when this usually wasn't heavily publicized in tough Texas saloons. Very scarce and in demand. \$250+
- *564 **CELLULOID PINBACK.** c. 1890. 35mm sepia and black view of elderly couple set in woven bronze clasp. Very unusual. Perhaps made for a wedding anniversary. \$50+?
- *565 **KARL MARX.** Pair of Medals. 1) 1890 28mm square Jeton for May Day with 18mm brass "plug". Bust of Marx facing/Statue of Liberty, all in the square Jeton with legend concerning the Proletariat. The round center has scratches on the reverse, the square has a

hole at top for wearing (as it was made). 2) 1983 Silver 35mm. Facing bust/Hammer & Sickle. Commemorates 100th anniversary of his death. 2 pieces, the first scarce, the 2nd choice Proof. *See lot 571 for another Karl Marx related item.* \$40+?

The orphanage at Diez was founded in 1892 and existed until 1935 when it was closed. Rare. See The Shekel Vol 10, #6, page 14. *In our sale 32E, we sold a similar medal, but with a different reverse and in slightly nicer condition for \$330.* \$200+

*567 **TALMUD TORAH AND SYNAGOGUE MEDAL.** ND (1890's?). **Ahavat Shalom** in the Bronx. Brass 33mm. The School Building with legend around/Scroll, Magen David above, legend all around. BU, probably the nicest we have seen. *A choice AU sold for \$160 in our last auction.* \$100+

*568 **LISBON SYNAGOGUE TOKEN.** ND. Brass 41mm uniface token with hole in center. Around the outside *Synagoga Shaare Tikva*, above and below the central hole *Vestiaro* and 45 (punched). Vestiaro literally means dressing room and I presume this is for locker #45. VF. Items from the Jewish community in Lisbon are extremely difficult to locate. From 1497 until 1904 when the Shaare Tikva synagogue was built, there were no synagogues in the city. And even when this was built the formal entrance was to a courtyard because only Catholic churches were allowed to face the street. *Ex Seymour Fromer collection.* \$35+?

*569 **AUSTRIAN JEWISH MERCHANT ADVERTISING TOKEN.** Brass 24mm. Jacob Rothberger. ND. Vienna. Building/Legend. While the legend mentions *Kleider Magazin* or "dress magazine", the company was a clothing manufacturer and the reference to magazine may have meant a catalog. For many years it was the leading clothing manufacturer in Vienna. It was "Aryanized" in 1938, and the building was heavily damaged during the war. In the mid-1890s, some members of the Vienna city council had objected to this large "Jewish fortress" being directly across from St. Stephen's church. Scarce. BU, a few minor spots. *This is nicer than the Choice AU that sold for \$60 in our sale 40E.* \$50+

*570 **WARSAW SYNAGOGUE MEDAL.** ND Silver (?) 62.5mm. View of the Great synagogue on Tomlaka Street. A massive building which took almost 13 years to complete, opened in 1888 and was destroyed by the Nazis in 1943. A large cast Uniface piece, this is the first I can recall seeing. \$125+?

*571 **KARL MARX/FERDINAND LASSALLE.** ND (c.1900). Bronze 22mm. Facing bust of Marx, with his dates of birth and death/Bust of Lassalle left. Lassalle (who was Jewish) was the founder and first president of the ADAV (General German Workers Assn.) which eventually became the German Social Democratic Party. VF+, lightly polished. Original loop attached. *See lot 565 for two other Karl Marx items.* \$120?

*572 **ENGLISH ZIONIST MEDAL FOR THE CORONATION OF EDWARD VII.** 1902 Aluminum 41mm by R.N. (possibly R. Neal). Conjoined bare heads of Queen Alexandra and King Edward left, Hebrew legend above, the same in English below, *1902 5622 Struck by the English Zionist Federation on the Occasion of the Coronation of King Edward VIII* Prophet with followers on mountain looking toward Zion in the distance, Angel of the Lord and Hebrew legend "*And there is hope for thy posterity*" above. In the wings of the angel if one looks closely, one can see a Mogen David. See The Shekel Vol. X, #6, p. 14. As BHM-3832 but unlisted in aluminum. VF, a few nicks and scratches. Very rare, 1st we've offered in any metal in many years. \$200+

*574 **JEWISH RELIGIOUS EDUCATION BOARD.** 39mm WM Awarded to Mordechai Milyen. With blue ribbon (a bit tattered) and gilt hanger "*1905 July 5695*" with pinback above.

Choice lustrous EF. We've offered these medals before but I can't recall seeing one this nice. Young Mr. Milyen was either a collector or just happened to keep the medal well preserved. \$135+

*575 **HUNGARY. 1906. PAIR OF JEWISH ATHLETIC CLUB MEDALS.** Both 38mm bronze. 1) Woman tennis player/Legend, Magen David, with C inside, and III incuse in field. (For 3rd place). 2) Head of youth left wearing wreath/same reverse as #1 but without the III. The legend refers to the Fencing and Athletic club. \$40+

*576 **THE AMERICAN JEWISH COMMITTEE.** 1906. 76mm. Appeal for Human Relations. Legend around shield, Star of David atop, date below. Nice but for a rim bruise at about 2 o'clock. *We had a similar medal a few years back which had a screw on the back. This is nicer.* \$75+

*577 **EMIL RATHENAU.** 1908. Silver 39 x 59mm medal with original loop. Struck to commemorate the 70th birthday of this famous German-Jewish Industrialist (founder of AEG). His son Walther, who took over the company in 1915, was a minister under German Chancellor Josef Wirth and was murdered by Nazi hooligans in 1922. This is an original silver medal (990 on edge) and scarce as such. Choice lightly toned EF. *A similar piece sold for \$175 in our sale 40E.* \$175+

*578 **JEREMIAH BY BORIS SCHATZ. STERLING SILVER "SQUEEZE" PLAQUE.** c 70 x 50mm in glass frame (c 8 1/2 x 9") ready to be hung. Schatz was the founder of Bezalel School of Art and a prolific sculptor in Eretz-Israel. This is one of his most well-known works. He was born in what is now Lithuania in 1866 or 1867 (different sources give different dates) and died on a fund-raising trip to the US in Denver, Colorado in 1932. A "squeeze" is a thin uniface "shell". Still very attractive. See Lot 573 for another Schatz medal. \$75?

*579 **JEWISH TOKEN FROM HARBIN, CHINA.** c. 1910s-1920s Bronze 27mm. King David carrying a scepter and playing the Harp, with Russian legend reading *Czar (King) David* reading (ironically) right to left as you would read and write Hebrew/Russian legend Jewish Musical Dramatic Society around two Chinese characters. A vibrant Jewish community began in Harbin, China in 1899 when China granted a concession to Russia to build a Rail station there. After it was completed many Jews stayed there to avoid the anti-Semitism under the Czar. See The Shekel March 2011 for the beginning of an article. Nice VF+ and very rare, 1st we've seen. We have found only one other piece for sale. That was offered in Israel for 550 Euros which seems rather high, but this is a very rare token. Two former Jewish residents of Harbin were the parents of former prime minister Ehud Olmert. \$200+?

*580 **MENDELE MOCHER SFORIM.** Bronze c. 19 x 28mm oval medallion with original loop, His bust partially right, name in Hebrew and dates 1836-1917 to left. EF. Scarce, only the 3rd I can recall having. Sforim was the grandfather of Yiddish literature. *A similar medal in our sale 40J sold for \$100.* \$75+

*713 **ROBERT "ROSIE" ROSENTHAL**. 2005 Jewish-American Hall of Fame Bronze 48mm Trapezoid Medal by Jim Licaretz based on a painting by Gil Cohen. Rosenthal was one of the most decorated of all US pilots in the Eighth Air Force during WWII and led his original crew of "Rosie's Riveters" on 25 missions and then continued to lead and fly by example and completed 53 missions receiving more than 15 decorations. This (and the following two lots) are the only Rosie Rosenthal medals that we have offered individually. Less than 500 minted, with "certificate of authenticity" and pouch as issued. \$50+

STATE OF ISRAEL MEDALS

STATE, COMMISSIONED, PRESENTATION AND AINA TOUR MEDALS

*716 SM-1c. **MEDAL OF LIBERATION**. 1961 Silver 61mm. Type II or the Hecht mint type. Dull finish, "Silver .935" on edge. This type seems to be much scarcer than the "Sterling" variety. Please note that, unless specifically mentioned otherwise, when we note "Sterling" or "Silver" as an edge inscription, this is only to differentiate it from the other and this will not be the only inscription on the edge. \$150

*717 SM-1e. **MEDAL OF LIBERATION WITH PLUGS**. 1961, Bronze 61 mm. Both Kagan and the IGCMC catalog list this medal as 59mm. I believe they are both wrong as every one that I have been able to track has been 61mm. This is logical as both the regular copper and silver issues are also 61mm. Slightly discolored (as almost all are) and with a rim nick. \$50+

*718 SM-14a. **2ND BIBLE CONTEST**. 1962. Silver 59mm. Only 1160 minted.. \$200

*723 SM-61a. **ISRAEL-EGYPT PEACE TREATY**. 1979 Silver 59mm. Hecht mint. "*Silver .935*" on the edge instead of Sterling which Haffner doesn't list, but the IGCMC does. \$125+

- *724 CM-8a. 1962 **GOLD TOURISM AWARD MEDAL**. 19mm Milled edge. Only 380 pieces of this medal were struck in 18-karat gold. \$225+
- *725 CM-8b. **TOURISM**. 1966. Tombac 59mm. Rare only 400 pieces minted. \$100
- *726 CM-9. **HEBREW UNION COLLEGE**. 1963 B59mm. Never offered for sale by IGCMC, this was presented to those who attended the final construction meeting for the Archaeological School. Only 496 minted. \$75
- *727 CM-11a and 11b. **REMEMBRANCE DAY**. 1963 and 1969. Both varieties of this popular and important medal. CM-11a Bronze 59mm, CM-11b Tombac 59mm. \$50+

- *729 CM-49. **MUNICH SYNAGOGUE**. 1972 Silver 45mm. A surprisingly difficult medal to locate, this medal was issued when a new synagogue was dedicated in Munich on the site of the Central Synagogue burned down by the Nazis in 1938. \$75+?
- *730 CM-59. **MAARIV DAILY NEWSPAPER**. 1973, Silver 35mm. Struck to commemorate the 25th anniversary of the newspaper (and of Israel), this medal features a newsboy on the obverse. Only 750 minted. \$50
- *731 CM-60. **WILDLIFE, “HAIBAR” NATURE RESERVES AUTHORITY**. 1973. Silver 45mm. A jumping ibex and an ibex head. Popular silver medal. \$50
- *732 CM-72c. **PRIME MINISTER’S MEDAL. GOLDA MEIR**. Silver 35mm in bezel and with key-chain as issued. English version. *With Compliments Golda Meir Prime Minister of Israel/Terra Sancta* medal. IGCMC page 270. Rare. Only 100 of these were issued and this is only the 2nd we’ve offered since at least the mid-1990s. The medal itself was very lightly cleaned before being set in the bezel, as I believe all were. If I can recall correctly, this is nicer than the last we offered. \$300+?
- *733 CM-72d. **YITZHAK RABIN PRIME MINISTER MEDAL**. 1975. Bronze 35mm in bezel. View of Jerusalem/With compliments *Y. Rabin Prime Minister of Israel*. Rare, only 108 minted. (No chain). \$250
- *734 **CITY-COIN MEDALS**. Complete set of 9 silver & 9 bronze 45mm medals in green album, as issued. One side of each medal shows an ancient coin used in that city and the other side a modern (1965-66) scene of the city. All as issued. CCM 1-9 & CCM-1a to 9a. Virtually 13 ounces of silver in the 9 silver medals. As issued. Album shows some signs of use. \$425+
- *735 **COMPLETE CITY COIN-MEDAL “PRESENTATION” SET** including **GOLD MEDAL** in Green Album. As above but with addition of the **Jerusalem gold medal**. CCM 1-9b. This is the only album (official or otherwise) that we have ever seen that was issued specifically for the complete 19 piece set. No doubt rare. Medals and album are in as issued condition. We searched high and low in all reference books and journals published about Israeli coins and medals and could find no mention anywhere for this unlisted set. We have come to the conclusion that this must be a very limited edition special presentation set given to a very few important people in the 1960s. And our consignor was among the most important and influential numismatists in Israel at that time. This set has almost 13 ounces of actual silver and .8550 ounces of actual gold and the set is of the utmost rarity. \$2000+
- *736 **AINA HONORS THE USA BICENTENNIAL**. 1976 American-Israeli Numismatic Association Bicentennial medals. Bust of George Washington left, legend around/AINA symbol, 1776-1976 and “*American Revolution Bicentennial*” around. Cased Set of Bronze and Silver 38mm Medals with matching serial numbers, Kagan AM-3 and 3b. Only 500 sets issued, many no doubt have been dispersed. \$60+
- *737 ANT-1. **AINA TOUR MEDAL, MASADA**. Copper 35mm (20.16g). Haffner lists this medal as Tombac but mentions that some were also issued in bronze and copper. This is copper. \$65

- *738 ANT-2. **AINA TOUR MEDAL, JERUSALEM CITY COIN.** 1970 Bronze (15.04g) 35mm. Thin flan. Scarce, only 100 pieces minted. Haffner lists the weight as 27 grams which is entirely inaccurate. IGCMC lists the bronze at 20g and the copper at 23g. Since we started tracking weights in the late 1990's, this is lightest specimen we've had. \$60+
- *739 ANT-2. **AINA TOUR MEDAL, JERUSALEM CITY COIN.** 1970 Copper (20.54g) 35mm. Thick flan. Scarce, only 100 pieces minted. See the lot above. This is a copper striking and is redder, heavier, thicker and slightly wider than above. Slightly toned. \$60+
- *740 ANT-3. **AINA TOUR MEDAL, VALOUR.** 1971, Tombac 35mm (24.63g). 100 Pieces were struck for AINA's 3rd Tour. Sylvia Haffner listed the weight at 27 grams, the IGCMC listed the weight at 27-33 grams. However in looking back at our records, we have found that the medals are in the 24 grams \pm range or the 33 grams \pm range. I can't recall any that are in the 27 \pm range. In box of issue, with specially inscribed inner cover. A couple of minor nicks. \$60+?
- *741 ANT-4. **AINA TOUR MEDAL, JERUSALEM-KNESSET.** 1972, Tombac 35mm. 100 Pieces were struck for AINA's 4th Tour. 22.56 grams. Edge #092. Haffner lists weight as 27 grams, IGCMC lists it at 23 grams. \$60
- *742 ANT-5. **AINA TOUR MEDAL. 25TH ANNIVERSARY.** 1972, Tombac 35mm. 150 Pieces were struck for AINA's 4th Tour. As issued. 23.09 grams, Haffner lists at 27 grams, IGCMC at 23 grams. We have not recorded any others at a significant difference in weight to ascertain if there is more than one variety of this medal. \$50?
- *743 ANT-8. **AINA TOUR MEDAL, AINA TOKEN.** 1976, Brass 30mm. As issued. 11.29 grams which is close to the IGCMC reported weight of 11 grams. Sylvia Haffner was erroneous in her listed weight of 25 grams. 100 Pieces were struck for AINA's 8th Tour per IGCMC. Haffner is probably also wrong in her listing of 150 pieces. \$60
- *744 PM-5. **DENTISTRY SCHOOL.** 1964, Bronze 38mm. Struck for the dedication of the school. Unc, but some light handling marks on reverse. Please note that Haffner-Magnus wrongly lists this medal as 33mm (it is 38mm) and that the correct weight is 20.85 (or so) grams rather than 30 grams. Scarce. \$90
- *745 PM-7. **PETROLEUM INSTITUTE.** 1966. Bronze 59mm. Scarce, only 500 minted. \$50
- *746 **AIRCRAFT THAT MADE HISTORY.** 2003-2005? Bronze 50mm. Set of 14 medals in case of issue. Issue Priced at \$62 per medal by the IGCMC Proof, as issued. Very scarce as a complete set. \$300+

The ribbon is blue as in the national colors. See IGCMC Cat page 298, #25920209. Awarded by the Chief of Staff for deeds of courage. The catalog says that the medal is silver but this is copper-nickel. Rare. \$150+
- *754 **ISRAEL DEFENSE FORCES - MEDAL OF COURAGE.** 1973 CN 42 mm. Swords entwined by an olive branch forming the silhouette of a candelabra. The ribbon is red, symbolizing fire and blood and battle. See IGCMC Cat page 298, #25920209. Awarded by the Chief of Staff for deeds of valour while on combat duty, at the risk of their lives. - *755 **KEREN HAYESOD "PRESENTATION" MEDAL.** The 1970 Keren Hayesod Bronze 59mm is common. What isn't common is the presentation box this medal came with. In 7 lines, imprinted on official IGCMC box "In Appreciation for Your Dedicated Service to the People of Israel. Edward Ginsberg, General Chairman, June 1970, United Jewish Appeal." 1st I can recall seeing. Also see Lot #657. \$40+?

- *757 **ROTHSCHILD FINANCIAL DOCUMENT.** 1883. Sent to E. Rothschild of Stadtoldendorf from Freiburg in Hannover. My translation is that this is a "Regulatory Cost" Invoice for 30 Marks. One page, c. 8 x 12", when folded the outside contained the address and the stamps. Torn at folds and near bottom, thus in need of repair but a fascinating document. \$40+?
- *758 **PALESTINE PHOTO CARDS.** 1900. 10 different photo cards issued by Judische Zeitung of Vienna. (Photographer of the Zionist movement) (10 c. 6 x 4 1/2"). Life in early 20th century Holy Land includes one of a Bezalel workshop and others of various colonies. An extraordinary group. We've sold individual cards such as these for \$35 and up. Some with light stains, but a nice group. \$150+

A wonderful set of colorful "slices" of American Jewish life 100+ years ago. #1 is copyrighted 1902, #9 1909, others without dates. Would make a wonderful framed collage. \$100+

*760 **SHARE CERTIFICATE OF HERMON, SOCIETE INDUSTRIELLE ET AGRICOLE EN PALESTINE.** 1906. Three pastoral scenes by E. Loevy, a woman with a bowl of fruit on her head, two farmers plowing a field with oxen and a woman with a vase on her head. The Hermon society was a Paris-based organization whose purpose was to raise funds to support agriculture and industry in Paris. Meshorer-Olson #37. In brown and orange. Certificate is lithographed in orange and brown and contains all 30 coupons as issued. Unused and unissued. Extraordinary condition. While we have offered this certificate in the past, those have been in poor condition. This is as issued with the exception of a few folds so that this folds into a reasonable size. \$100+

*761 **ANTI-SEMITIC POSTCARD.** 1907. Jewish shopkeeper fleeing his store which is in flames with legends, *Faule Fische und makes* and *Keine Versicherung* with the translations also included, *Ill luck and more of it and no insurance.* Postally used. Uncommon. \$25+

All by Sinai of Tel-Aviv. With cover and backing, both of which are loose, titled "*Eretz-Israel*" in Hebrew. In our sale 32C we sold a set of 8 similar cards, but without the cover (and without the Jerusalem card). Valero is from the Valero family which interestingly has been in the news in Jerusalem claiming that they are the rightful owner of land located by the Damascus Gate in the Old City, which they say the State never compensated them for the land which they seized after the Six Day War. Land, that they say, Aharon Valero purchased in 1921. See Ha'aretz 17 April 2008. \$45

The presence of the Hebrew (and Hungarian) word Trief for non ritual food seems to indicate that this is a receipt for non-Kosher poultry that was sold to a non-Kosher butcher or market. THE HOLOCAUST AND ANTI-SEMITISM

There are a number of lots in earlier sections of this catalog that just as easily could have been listed here. They are: 224, 240, 400-406, 462-463, 469, 474, 488, 490-505, 533, 535, 539, 542, 548, 570, 577, 589, 595, 600, 603, 611-613, 615-616, 626, 630, 642, 653, 664-666, 676, 683-687, 690, 694, 700-701, 703-707, 709-711, 748, 761, 773 and 804-807.

Why do people collect this "stuff"? I'm asked that question repeatedly. And while there is no "correct" answer, most people seem to collect these items as teaching tools for use at home, in schools, synagogues and churches. Many people donate them to national or local museums. There are people who still deny the existence or the magnitude of the Holocaust. These items are a weapon against them.

*790 **HORNEBURG ANTI SEMITIC NOTGELD.** 75 Pfennig. 1921. Features "a Jew" peeking out of a window. Unc. \$25

Jewish peddler with sack, Jew taking coins out of rear of bird, 2 Jewish woman arguing about money, Jewish businessman and his "victim", 2 Jewish businessmen celebrating after a deal and a Jew as a devil. Unc. We usually sell these at \$20 each! \$100?

*792 **AUSTRIAN ANTI-SEMITIC NOTES.** 1920 Set of 3. 10, 20 & 50 Heller. Issued by the Anti-Semitic League of Austria. All with burning newspapers on the obverse and anti-Semitic quotes on reverse. 3 Unc notes. \$75+

*793 **LOICH AUSTRIAN ANTI-SEMITIC NOTGELD.** 1920. 50 Heller. Depicts an Austrian householder dismissing a Jewish peddler (with long nose) from his house. Printed in red and black. 4th edition (Auflage) is printed on reverse. Unc. \$50

*794 **LINZ UND WELS AUSTRIAN ANTI-SEMITIC NOTGELD.** 1920. 80 Heller issued by the Party Administration of the German Freedom and Order Party of Upper Austria. Shows an armed soldier pointing at a black bearded Jewish type kneeling on the ground near a large sack. Captioned "*I tell you, and I mean it - Isaac Schlerich is your worst enemy.*" (Schleich = Sneak). In various colors but the main color is red, 1st issue on reverse. EF. See The Shekel, Vol. XVIII, #4, page 27. \$60+

*795 **AUSTRIAN ANTI-SEMITIC OVERPRINTS** on the reverse of 1 and 2 Kronen notes of 2 January 1922. Both with the following overprint in German, "*The gold is in the Jewish Bank, the "crap" is in your hands*". 2 Unc notes. The 1 Krone note seems to be much scarcer than the 2 Kronen. \$50

*796 **BIELEFELD LINEN NOTGELD.** 1922 500 Mark. Anti-Semitic and anti-US vignettes. 1st we've offered in quite some time. See The Shekel, Vol 17, #4, p. 39. As issued. The last we offered, in November 2005 in our sale 35D, brought \$80. \$50+

*797 **MEGGENHOFEN ANTI-SEMITIC NOTGELD.** 1921 Set of 3 Austrian notes, 30, 40 and 80 Heller in green. On the left we see an old Jew walking with a bag labeled "*Hargeld*" (gold and silver coins) in the direction of Switzerland. Above we see the dates 1914-1919 and "*Ursache*" and "*Folgen*". Cause and Consequences. On the right side we see an airplane dumping out worthless stacks of paper money over towns and cities and the year 1921. The meaning of this note is certainly clear. Jews absconded with the hard money during WWI from Austria and the result is the hyper-inflation now infecting Austria. Set of 3 Unc. notes. Scarce. These notes come in at least three colors, black, brown and green. \$90+

*798 **TOSTEDT ANTI-SEMITIC NOTGELD.** 1921. 50 Pfg. note which depicts two "Jewish" Profiteers being hanged from a tree. Unc. See The Shekel Vol XVIII, #4, pages 25 & 26. \$25
